December 20, 2018

Medina ISD Community,

Over the last couple of years this Administration and Board of Trustees has worked diligently to upgrade an outdated transportation fleet that has been on the road for many years. Safety is the top priority for the students of this district. When it comes to extra-curricular events that require over the road travel and daily bus routes that deliver our children safely to and from school, this has become one of our highest priorities. We have a great Transportation department that is focused on safety and follows the guidelines required to maintain the upkeep of every bus in our fleet. While both the activity buses are almost brand new, you should be seeing some newer buses out on some of our routes here in the new year. Be sure and say something to your Trustees for making this a priority and all of the hard working individuals in our Transportation department and bus drivers whose number one priority is the safety of your children.

MEDINA PROUD!

Sincerely,
Kevin W. Newsom, Superintendent
