

Summer Reading

1st Grade

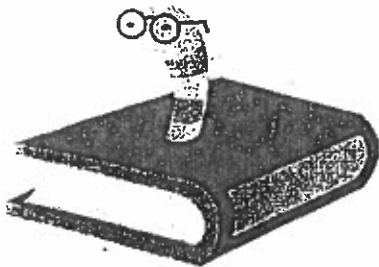

Dear Parents,

Our First Grade Summer Reading Program starts in June. Your child needs to read five books in June and five books in July. In your packet you will find a Reading Log sheet and book report forms. Please record the books your child reads and do a report on three of the books. You will also need to sign the Reading Log sheet. All of this will need to be turned in on the first day of First Grade! Please keep this information where you can see it on a daily basis this summer, so you will not forget to read.

We are also sending home a Sight Word List for students to review during the summer. Reviewing these sight words during the summer will better prepare them for first grade!

Thanks,

First Grade Teachers
