

Student Progress Center

Go to the Vermilion Parish School Board website www.vpsb.net

Scroll down and look for the button that says Parent Resources. Click there.

Select Student Progress Center

If you already have an account your student's information will be accessible. You simply log in using the user name and password from years past.

If you have never set up an account you will need to create one. If you select the Help button on the right side of the screen you will find directions on how to do so.

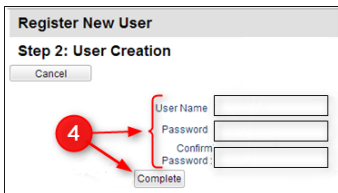

Select Register New User

Complete fields as shown on the screen. The PIN Number is accessible from the student information system. Call the school to get it.

Create a user name and password and confirm password

Log in with your new user name and password in the login screen. It is an excellent idea to share the login information with your child so they can become accustomed to checking their grades and gain an awareness of their progress.
