

CLOSURE BEING EXTENDED

03.19.2020 @12:40 p.m.

Given the rapidly evolving situation with COVID-19, Grandfalls-Royalty ISD will extend the suspension of normal district operations through Friday, March 27th in an effort to support our nation's need to slow the spread of the novel coronavirus, or COVID-19. Our health officials report that cases are continuing to spread in the state, and an increase in confirmed cases in our county seems likely. Suspending operations for this length of time will allow us to determine, in coordination with local health officials, whether the virus is continuing to have community spread or whether it has been contained. We are coordinating with other school districts and will use the week of March 23rd to make any decisions on whether there is a need to extend the suspension further.

On Monday, March 23, 2020 (Monday), starting at 9:00 a.m., student work will be available for pickup. The district will have a skeleton crew working to disseminate the materials.

The Centers for Disease Control and Prevention has outlined the need for all communities to implement a social distancing protocol. We want to reiterate a request to our broader community to take the following reasonable precautions to prevent the spread of the illness:

- Don't shake hands
- Wash your hands regularly
- Limit movement within the community, especially avoiding crowded places and maintaining 3 to 6 ft of distance between people (at least an arm's length)
- If you are moving around in the community, don't congregate in large groups
- For those who have traveled to areas with known COVID-19 cases – both inside and outside of the country – we ask that you self-quarantine and monitor for symptoms. Students who have traveled should plan to stay home for two weeks after arriving home.
- If you suspect you have [symptoms of COVID-19, call your health care provider for medical advice.](#)
- Keep your child at home if he/she feels ill, even if you think it is just a cold.
- Do not leave the house if you are ill, except to access medical care

This is a quickly changing situation, and we will continue to monitor information, will assess conditions throughout the week, and will provide the next update by March 26th (Thursday) via our website and Facebook.

Thank you for your support and cooperation as we ensure that all members of the community in Grandfalls stay safe and healthy.

B. Starkweather
