

COVID-19 POSITIVE TEST NOTICE TO PUBLIC

Dear parents and staff,

Earlier today, Zavalla ISD received confirmation that a staff member/student who works/attends at ZISD tested positive for COVID-19. The individual was last on campus on August 24, 2020. You are receiving this notice, because you or your child was present on the campus in the seven days prior to the individual's diagnosis of COVID-19.

Zavalla ISD's Mitigation Plan provides for extensive cleaning and sanitization protocols, as well as social distancing procedures, including the wearing of face masks. As such, CDC guidance provides that the risk of someone contracting COVID -19 from the staff member/student is low and this notice is being provided in an abundance of caution. Nevertheless, below is a summary of the involvement of the staff member/student on the campus in order for you to assess your family's potential for exposure. Moreover, if you or your child was determined to have been in close contact with the individual, you will be contacted by the Health Department.

Classrooms: 303, old gym, 109, 305, 1002

Lunch Period: Junior High

Elective Periods: N/A

Extracurricular Activities: N/A

Bus Route: N/A

Please continue to closely monitor your health. Should you exhibit any symptoms of COVID-19, identified below that are not normal for you, please contact your health provider immediately. In addition, please continue all other safeguards outlined by the CDC including frequently washing your hands with soap and water, avoiding touching your face, wearing a mask in public, staying home if you feel sick, and cleaning frequently touched surfaces and objects daily.

COVID-19 SYMPTOMS

Cough	Sore throat
Shortness of breath or difficulty breathing	Loss of taste or smell
Chills/Shaking or exaggerated shivering	Diarrhea
Significant muscle pain or ache	Feeling feverish
Headache	Fever of 100.0 degrees or higher

ZISD will continue to comply with all state and local guidance and strictly enforce the District's rigorous health screening, social distancing, and sanitization practices for all programs. The health and safety of our students and community remains our top priority, and the District will continue to work closely with the Local Health Department as it responds to individual cases of COVID-19. We appreciate your cooperation as we work through these challenges and continue to support our ZISD community.
