

DCPS STRATEGIC ACTION PLAN

Thank you!

Community members, USD 443 Staff, USD 443 Parents, and Students! Your participation with Thought Exchange is appreciated!

We received a tremendous response for the first community thought exchange. The information shared provided Dodge City Public Schools with the framework to formulate the strategic plan. The four areas of focus are Finance, Academics, Climate and Employee.

The Community Advisory Committee received this information and is developing two goals for each area. The goals will be presented to USD 443 Board of Education for approval and will serve as the guide for district improvement over the next five years.

Our focus is improving student achievement, which explains why the school district values your continued participation and support. Quarterly, Dr. Springston will release updated information about the strategic plan and achievement progress. Keep informed at USD443.org and local media outlets.

Dr. Scott Springston, Deputy Superintendent for USD 443, is the lead for this project. You can contact him with any questions you may have at 620-471-2111 or springston.scott@usd443.org.
