August 28, 2020

Dear Parents and Families,

Now that we have a week of Distance Learning instruction behind us, we have found a number of things we can do better and a number of things we are already doing well. We have had several parents contact us with concerns as well as compliments.

Our teachers are working hard to make sure EVERY student has the opportunity to receive the help and instruction they need to move forward with learning. Our breakfast/lunch program has served almost 200 students every day and hope to see that number continue to grow. Breakfast and lunch pick up is from 10:00-11:30. We have checked out over 100 devices for those in need of a device. We have Wifi on campus if you need to come up and connect to it.

If a student needs help, please don't hesitate to contact the teacher, counselor or principal and let us know what problems you are experiencing and we will do our best to work out a solution. Teachers are available for students to come up and work face to face by appointment when needed. We understand everyone has different circumstances they may need help with and we are here and want to help, so let us know.

The goal is to be back in face to face instruction as soon as possible and every day we are searching for ways to be able to make that happen. We do not want to get in a situation where we are open one week and then closed the next. We do feel that a consistent plan is better than open, closed, open, closed. When the time comes for us to be fully open, we will get that word out FAST. More than likely, the decision to be fully open will be made on a Friday so everyone will have a couple days to prepare.

We are committed to keeping you informed and working with you to keep our school community safe.

Sincerely,

Todd Been,  
Superintendent  
Dewar Public School
