Dear Parent/Guardian:

State testing time is here again. Our students and teachers have diligently worked all year, and now your child has the opportunity to demonstrate his/her mastery of academic standards. As you well know, a successful education is a team effort of parent, student, and school working together. Please talk to your student about the importance of putting maximum effort into each and every test. It is also important your child be present and on time the days of testing, get a good night's sleep and eat a nutritious breakfast the morning of the test.

The possibility of a teacher walkout may affect days we are in session. I have made several different schedules contingent on the days we may or may not be in session. I'm including all schedules with this letter just in case testing is shifted to a later time in April. Groups testing with Ms. Berry will remain the same regardless of the weeks we test. We appreciate your continued support. If you have any testing questions, please feel free to call the school at (918)652-6578 ext. 5560.

Thank you,

Michelle Mitchell, HMS counselor
