Parents/Guardians,

Please help us!! If you think you may be eligible for free and/or reduced breakfast and lunch, do not hesitate to apply. The program allows students to have the opportunity to eat two meals a day at little or no cost to you. The program is funded through the United States Department of Agriculture. **Only one form needs to be filled out per household.** Please read the directions carefully and list all members of the household. **All information is kept confidential.**

The free and reduced application is the last page, and it is printed front and back. Please check both sides and make sure all information is filled out on the front and back! All information needs to be filled in so it will not be incomplete.

If you have any questions or need additional information, please contact me at the number above. Leave a message and a call back number, and I will return your call as soon as possible.

Sincerely,

Kari Sayger
Child Nutrition Director

USDA is an equal opportunity provider and employer.
