11/12//2020

Parents and Staff,

Stratford ISD has been notified that a student who attends Mary Allen Elementary School has tested positive for COVID-19.

Mary Allen Elementary School will be deeply sanitized and all District employees and students are instructed to continue to follow CDC guidelines and recommendations and to practice social distancing.

Based on the information that we have gathered; it has been determined that the end of the 10-day incubation period for anyone possibly exposed on campus to the student is 11/21/2020.

Out of an abundance of caution, we advise you to monitor your health, follow the [CDC guidelines for people who have had close contact](#), and contact your primary care physician if you develop symptoms. Should staff or students develop symptoms, the appropriate District administrator should be immediately notified.

The District is continuing to monitor this situation and will provide additional information as needed. We hope for a successful recovery for our students.

Sincerely,

Mike H. Dominguez

Superintendent of Schools
