

Stratford ISD 2021-2022

Return to In-person Instruction and Continuity of Service Plan

Welcome

Stratford ISD (SISD) is excited and ready to welcome our students back to school. The past year we have missed seeing our students consistently and we cannot wait to see them again. With the current situation we are facing with COVID-19, we will need to make adjustments to make sure we can provide our students with a quality education in a safe environment. We have made some adjustments that are illustrated below. These adjustments should help us provide our students with educational opportunities while keeping them and our employees safe at school. Just as we have done since the beginning of the Pandemic, we will continue to follow the guidance and recommendations of the CDC, State, and local health authorities. While things have seemingly returned to normal, SISD will be prepared and will work collaboratively with the school board to ensure the safety and well-being of our students.

Details

Stratford ISD plans on continuing school with in-person instruction on August 18th.

[School Calendar](#)

Registration

All Pre-K and Head Start thru 4th-grade students will register on August 3rd, 4th, and 5th from 8 AM - 4 PM at Mary Allen Elementary School.

Students grades 5th thru 8th will register August 3rd, 4th, and 5th at Stratford Junior High School between 8 AM - 4 PM

High School Students may attend “Elk Days” during the following dates and times for registration purposes and or schedule changes:

12th Grade

Monday, August 2nd: 8 AM-11 AM and 1 PM-3 PM

11th Grade

Tuesday, August 3rd: 8 AM-11 AM and 1 PM-3 PM

10th Grade

Wednesday, August 4th: 8 AM-11 AM and 1 PM-3 PM

9th Grade

Thursday, August 5th: 8 AM-11 AM and 1 PM-3 PM

Learning Options

In-Person learning: – Full-time in-person on-campus learning, with additional hygiene and disinfection procedures.

*Social distancing will be observed in areas where practical.

*Facial coverings are allowed if the student or staff member chooses to wear a covering.

Grading

The grading expectations for the 21-22 school year are more traditional. The work produced by students will be graded with fidelity. Every student is expected to produce quality work and turn all work in. Stratford ISD expects quality work from our students to be high since our teachers are working hard to provide their students with quality instruction. With quality instruction and hard work, we truly believe our students will learn everything they need to learn to be prepared for life after High School.

Extracurricular

Stratford ISD understands that UIL guidance allows students to participate in extracurricular activities in a virtual format.

Technology

Stratford ISD has a 1:1 learning environment and we will continue to utilize Chromebooks to enhance student learning.

Health and Safety Considerations

Self-screenings

Employee daily temperature checks (Check yourself)

Report to the school if you are feeling any **symptoms**

- Fever greater than 100.4 degrees when taken by mouth
- New uncontrolled cough that causes difficulty breathing (or for students with a chronic allergic/asthmatic cough, a change in their cough from baseline)
- New onset of severe headache, especially with a fever
- Sore throat
- Diarrhea, vomiting, or abdominal pain

Lab confirmed positive test

- Must report the test result to the school
- Must remain off campus until they meet all three re-entry requirements.
 - One day (24 hours) has passed since the recovery (resolution of fever without the use of fever-reducing medications).
 - The individual's symptoms have improved
 - Ten days have passed since symptoms first appeared

Close contact with an individual who is lab-confirmed

- The individual has been in close contact with an individual who is lab-confirmed with COVID-19. *Close contact is defined as, being directly exposed to infectious secretions (e.g., being coughed on); or being within 6 feet for a cumulative duration of 15 minutes. If either occurred at any time in the last 14 days at the same time the infected individual was infectious.*
 - The individual must quarantine for 10 days beginning the last day they were in close contact with the individual who has a lab-confirmed positive COVID-19 test.

Possible COVID-19 cases on campus:

Students who show COVID-19 symptoms while at school will be separated until their parents or guardian pick them up.

- The school will clean the area used by the individual who shows COVID-19 symptoms while at school.
- Students who report feeling feverish will be given an immediate temperature check to determine if they are symptomatic for COVID-19.

- If lab-confirmed cases have been in school.
- Close off areas heavily used by the individual with the lab-confirmed case, disinfect the area.
- Notify all teachers, staff, and families of the students in the school if a lab-confirmed COVID-19 case is identified among students, teachers, or staff who participate in any on-campus activities.
- Quarantine the group of students, teachers, or staff who participated in any on-campus activities with lab-confirmed COVID-19 cases for the 10-day incubation period. This group of students will move to virtual learning during the quarantine.

Other Health Considerations

Monitoring the potential impact of COVID-19 in Sherman county and follow guidance provided by the Dallam-Hartley County health department.

Offer students or staff time to get vaccinated if they choose to do so without penalty.

Use of an antimicrobial misting system in all facilities.

Hand sanitizer in every classroom and office area.

Social distancing (6 feet) is enforced when possible.

Handwashing frequently throughout the day is required, and self-care habits will be taught.

Students who have an immune-compromised condition need to notify the school with doctor documentation of the condition.

If you test positive, keep in mind who you have been in close contact with so local officials can perform contact tracing.

SAFE RETURN TO LEARN PLAN ACCESSIBILITY

This plan will be reviewed every 6 months, or as necessary, and available for public comment at the monthly board meeting.

This plan is available in Spanish or other languages if necessary

The plan will be available in an accessible format for people with disabilities upon request to the Superintendent.

The plan will be posted on the district website within 30 days of school board approval.
