

SCHOOL BUS SCHEDULING AND ROUTING

The Ouachita Parish School Board shall provide school bus transportation for all students living more than one mile from the school that they are assigned to attend. Students living within one mile of the school may be allowed to ride a school bus when the School Board determines that conditions exist to warrant such transportation. Other students may be provided with school bus transportation in accordance with regulations of the Louisiana Department of Education.

A reasonable time shall be established for each route and the bus operator shall be expected to adhere to this schedule. By the same token, students shall be expected to be at their respective bus stop when the bus arrives. Once a bus route has been established, the bus operator shall not alter or change assigned routes without order of the Superintendent or his/her designee. Any bus operator who feels a road is unsafe or dangerous shall report such dangerous condition to the Superintendent or his/her designee, and the bus operator may be allowed not to travel the road with the prior approval of the Transportation Administrator, until the Superintendent or his/her designee determines said road is safe or improved, or the situation has been rectified.

Buses must be routed so that no more than one bus will travel the same route, except in cases of definite apparent necessity. Each scheduled route will be planned in full consideration of the established limits for individual schools.

During inclement weather, bus operators may make more frequent stops.

LOADING AND UNLOADING OF STUDENTS

The loading and unloading of students onto and from school buses being utilized to transport students shall be conditional on the following:

Bus operators shall be prohibited from loading or unloading students at school while the bus is in a traffic lane of any type of street as defined in state law and require that students be loaded or unloaded on a shoulder, in a school parking lot, or at other appropriate off-road location at the school as determined by the School Board. However, if there is no shoulder,~~

~~or if the shoulder is determined to be less safe, a bus operator may load and unload a student while the bus~~ is in a lane of traffic ~~but only if~~ unless the bus is in the lane farthest to the right side of the road so that there is not a lane of traffic between the bus and the right-side curb or other edge of the road.

Bus operators shall be prohibited from loading or unloading a student in a location on a divided highway such that a student, in order to walk between the bus and his/her home or school, would be required to cross a roadway of the highway on which traffic is not controlled by the visual signals on the school bus.
