

This year we will use the **Clever** single signing for the majority of our Instructional Programs. With Clever, everyone has a personalized portal with a single login for most of their online programs and resources. Students and teachers alike will use the **Clever** portal to access Instructional Programs.

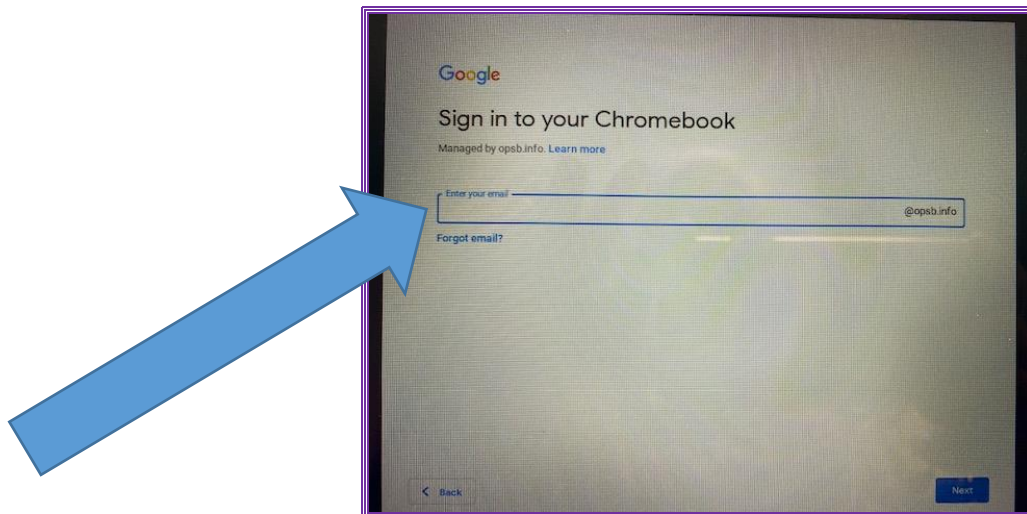

When you open your Chromebook you will see –

*If you are in grades 4 and 5 you will click **Sign in with a different account**.*

You will be directed to the normal Chrome log in screen.

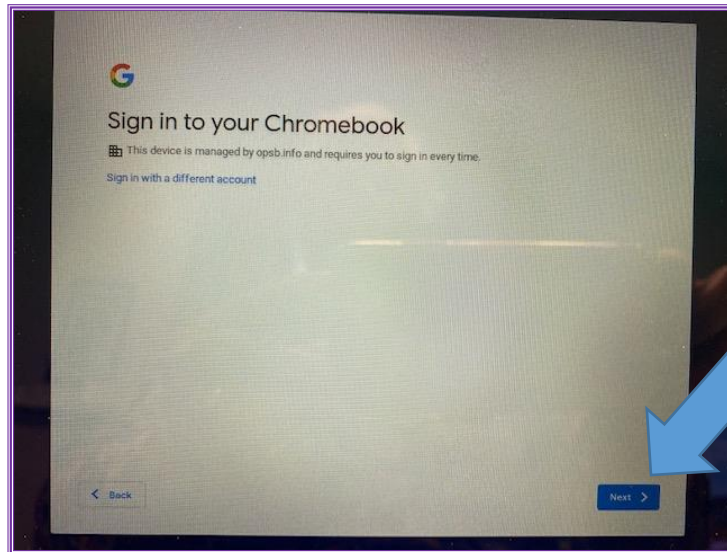

Use your seven digit ID to log in.

1234567@opsb.info

jpow@8888

If you are in grades PK – 3 you will click Next

A window will open with access to your camera – hold your QR code (*make sure each student has their own code so they don't accidentally log into their friends account*) and you will be directed to your **Clever** programs.
