September 15, 2020

To: Elementary Parents and Others Picking Up Car Rider Students

It is extremely necessary for the safety of everyone involved that we **do NOT have any automobiles backing up traffic on Highway 66B**, when dropping off or picking up elementary students. There were near accidents last Thursday and Friday afternoon.

When cars get backed up, near Highway 66B, a line needs to form at the west end of the Masonic Lodge, backing to the east towards the Missionary Baptist Church.

We will start on Wednesday, September 16, 2020. The Wellston Police Department will assist with this transition. Thank you for your understanding and assistance with this urgent safety measure.

Sincerely,

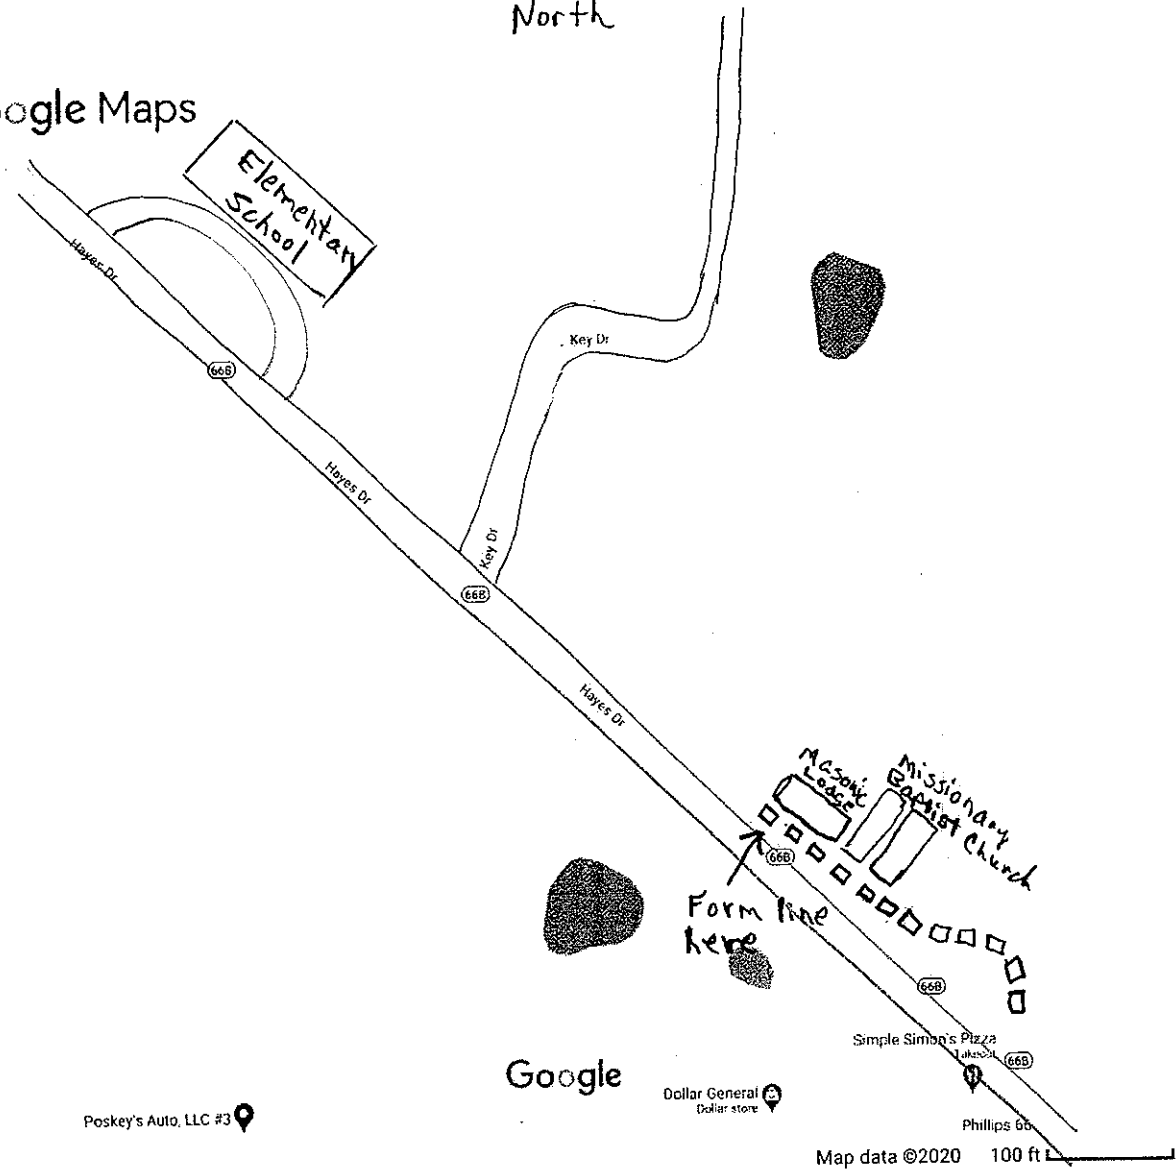

Dwayne Danker
Superintendent

North
