

# English III Honors ~ Summer Reading

For the 11<sup>th</sup> grade English III Honors summer reading assignment, you will read the novel Alas, Babylon. You may choose to annotate, as we will be working with and discussing the novel in August.

- ❖ For **each** chapter of the novel, you will:
  - Write a short summary (you may use bullet points).
  - Identify 2 quotes that specifically stand out to you. Copy the quote and page #. For each quote, include who is speaking, who they are speaking to, and the context of the quote. Then, write 3-5 sentences discussing why the quote stood out to you.
- ❖ As a culmination, write a 200+ word response to the following: What are the long-term prospects of survival for the main characters? Describe what you think their future will be like. \*\* Though this is an opinion question, you should use events from the novel to support your predictions.

**No hand written assignments will be accepted.**

**Any assignment plagiarized in part or whole will automatically receive a “0” grade.**
