## Extra-Curricular Activities, Athletics, & Events

Per the mandate from the Oklahoma State Department of Education, all facilities for Chickasha Public Schools will be closed for all events which include practices, rehearsals, competitions, professional development, and to all outside groups. This will remain in effect until at least April 6, 2020.

## Can I pick-up my child's medicine from school?

Yes, on Monday, March 23, 2020 between 8:00am – 3:30pm in the main office of each school. Offices will be open with limited access for parents to pick-up medicine in a come & go fashion. This is not a time for extended discussions about any matters. You will need to have proof of ID and name of student and medications that you will be picking up. **Note: You must be listed as a contact in student records to pick-up your student medications.**

## What about graduation?

Graduation is still scheduled for Friday, May 15, 2020 at 7:00pm in the Activity Center. Please note that this may be subject to change based on direction from the Centers for Disease Control &/or the State of Oklahoma. We will communicate is this information changes.

## What about state testing?

We are still waiting on direction from the Oklahoma State Department of Education regarding testing for this school year.

## Will we have special education services during this time?

Based on recent guidance from state and federal officials, the district will not be providing educational services to students during the operational shut-down. Once school is back in session, the IEP team may need to reconvene to develop plans based on the individual needs of students as well as from guidance from state and federal officials. In the event you have an IEP or related meeting scheduled for a date/time during the shutdown, staff members will reach out to reschedule the meeting.
