

In the Spotlight

Teacher of the month | June 2022

Mrs. Lanzaderas comes from a family of educators and decided to 'give it a try.' It turns out that she loves being a teacher! Mrs. Lanzaderas has been a teacher for a total of 14 years. She has taught 10 years in the Philippines and four years at LRFMS. She believes that without learning to read and write, our abilities to understand other subjects and even life itself will be meaningless. She has some advice for our LRFMS students: "just love what you do, and great things will follow." And "let's practice kindness always. That's what the world needs nowadays."

Congratulations Mrs. Lanzaderas!
