MISSION STATEMENT

Educating today, to succeed tomorrow

MOTTO

Striving for Excellence

The purpose of this handbook is to familiarize you with the operation of our school so that we might work together effectively. Read the handbook carefully as it contains information pertaining to the entire school year.

We not only invite but also encourage you to visit the school and get acquainted with your child's teachers. The offices of the administrators are always open to you, not just when problems arise, but when you have any questions or observations regarding the operation of the school.

We feel a deep responsibility to provide the best opportunity for learning at Meeker Schools. There can be no doubt that the atmosphere for learning at Meeker Schools is one of the best. Much effort and planning has gone into obtaining a staff, which works together with the parents, the administration, the school board, and the students. We are extremely proud of this harmony, as it is important in providing the very best possible education for the youth of this community.

The Board of Education, the superintendent and the principals have tried to establish guidelines which will make the school safe and will provide an atmosphere which will be conducive to the education process. Please study this handbook in order to familiarize yourself with the basic rules and guidelines of Meeker Middle School and Meeker High School.

STATEMENT OF RIGHTS

NOTIFICATION OF RIGHTS UNDER FERPA

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age ("eligible students") certain rights with respect to the student's education records.

They are:

1. The right to inspect and review the student's education records within 45 days of the day the School District receives a request for access.

Parents or eligible students should submit to the school principal (or appropriate school official) a written request that identifies the record(s) they wish to inspect. The principal will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

2. The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate, misleading or in violation of student rights.

Parents or eligible students may ask the School District to amend a record that they believe is inaccurate or misleading. They should write the school principal, clearly identify the part of the record they want changed, and specify why it is inaccurate, misleading or in violation of student rights.

If the School District decides not to amend the record as requested by the parent or eligible student, the School District will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

3. The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent.

One exception which permits disclosure without consent is disclosure to school officials with legitimate educational interests. A school official is a person

employed by the School District as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the School District has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student participating in a school service program or serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, the School District discloses education records without consent to officials of another school district in which a student seeks or intends to enroll. (NOTE: FERPA requires a school district to make a reasonable attempt to notify the student of records request unless it states in its annual notification that it intends to forward records on request.)

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the School District to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Avenue, SW, Washington, D.C. 20202-4605.

Parents also have the right to obtain a copy of the School District's FERPA policy. Copies of this policy are located in the principal's office of each school building and at the superintendent's office. The Meeker School District will arrange to provide translations of this notice to non-English speaking parents in their native language. All rights and protection given parents, under FERPA and district policy transfer to the student when the student reaches 18 or enrolls in a post-secondary school.

HARASSMENT, INTIMIDATION AND BULLYING (POLICY FNCD)

It is the policy of this school district that threatening behavior, harassment, intimidation, and bullying of students by other students, personnel, or the public will not be tolerated. Students are expected to be civil, polite, and fully engaged in the learning process. Students who act inappropriately are not fully engaged in the learning process. This policy is in effect while the students are on school grounds, in school vehicles, at designated bus stops, at school-sponsored activities, or at school-sanctioned events, and while away from school grounds if the misconduct directly affects the good order, efficient management, and welfare of the school district. Threatening behavior, harassment, intimidation, and bullying of students by electronic communication is prohibited whether or not such communication originated at school or with school equipment, if the communication is specifically directed at students or school personnel and concerns harassment, intimidation, or bullying at school.

Harassment is intimidation by threats of or actual physical violence; the creation by whatever means of a climate of hostility or intimidation; or the use of language, conduct, or symbols in such manner as to be commonly understood to convey hatred, contempt, or prejudice or to have the effect of insulting or stigmatizing an individual. Harassment includes but is not limited to harassment on the basis of race, sex, creed, color, national origin, religion, marital status, or disability.

As used in the School Bullying Prevention Act, "harassment, intimidation, and bullying" means any gesture, written or verbal expression, electronic communication or physical act that a reasonable person should know will harm another student, damage another student's property, place another student in reasonable fear of harm to the student's person or damage to the student's property, or insult or demean any student or group of students in such a way as to disrupt or interfere with the school's educational mission or the education of any student. Harassment, intimidation, and bullying include, but are not limited to, gestures or written, verbal, or physical acts, or electronic communications. Such behavior is specifically prohibited.

In administering discipline, consideration will be given to alternative methods of punishment to insure that the most effective discipline is administered in each case. In all disciplinary action, teachers and administrators will be mindful of the fact that they are dealing with individual personalities. The faculty may consider consultation with parents to determine the most effective disciplinary measure.

In considering alternatives of corrective actions, the faculty/administration of the school district will consider those listed below. However, the school is not limited to these alternative methods, nor does this list reflect an order or sequence of events to follow in disciplinary actions. The board of education will rely upon the judgment and discretion of the administrator to determine the appropriate remedial or corrective action in each instance.

1. Conference with student
2. Conference with parents
3. In-school suspension
4. Detention
5. Referral to counselor
6. Behavioral contract
7. Changing student's seat assignment or class assignment
8. Requiring a student to make financial restitution for damaged property
9. Requiring a student to clean or straighten items or facilities damaged by the student's behavior
10. Restriction of privileges
11. Involvement of local authorities
12. Referring student to appropriate social agency or to a delinquency prevention and diversion program administered by the Office of Juvenile Affairs
13. Suspension
14. Other appropriate disciplinary action as required and as indicated by the circumstances which may include, but is not limited to, removal from eligibility to participate or attend extracurricular activities as well as removal from the privilege of attending or participating in the graduation ceremony, school dances, prom, prom activities, and/or class trips.

HARASSMENT (Cont.)

Harassment set forth above may include, but is not limited to, the following:

1. Verbal, physical, or written harassment or abuse;
2. Repeated remarks of a demeaning nature;
3. Implied or explicit threats concerning one's grades, achievements, etc;
4. Demeaning jokes, stories, or activities directed at the student;
5. Unwelcome physical contact.

The superintendent shall develop procedures providing for:

1. Prompt investigation of allegations of harassment;
2. The expeditious correction of the conditions causing such harassment;
3. Establishment of adequate measures to provide confidentiality in the complaint process;
4. Initiation of appropriate corrective actions;
5. Identification and enactment of methods to prevent reoccurrence of the harassment; and
6. A process where the provisions of this policy are disseminated in writing annually to all staff and students.

A copy of this policy will be furnished to each student and teacher in this school district.

THIS POLICY REQUIRED BY LAW.

TESTING PROGRAM/STUDENT SURVEYS (REGULATION) (POLICY EK-R1)

The board of education recognizes surveys can be a valuable resource for schools and communities in determining student needs for educational services. Such collection of input from students and parents may be used to assist school staff in decision-making related to curriculum and instruction and in program development and operations. To this end, the board supports the use of appropriate surveys in accordance with the guidelines contained in these regulations.

Administrators, teachers, other staff members, and the board of education may use surveys for many purposes, which may include, but are not limited to, the need for student services, the determination of prevailing views pertaining to proposed policies and/or practices, or the determination of student knowledge and/or attitudes related to a specific subject or unit. These are examples of surveys and not intended to be an all-inclusive listing. Administrative approval is required for surveys. Responses will not be used in any identifying manner.

Surveys used in any experimental program or research project will be subject to the requirements outlined in policy found elsewhere in this manual. (See GVA-P.) Parents shall have the right to inspect all instructional material that will be used for a survey, analysis, or evaluation as part of a federal program.

Prior to administering a survey, the board of education must approve all those that are received by the superintendent that include reference to any of the factors listed below. No student may, without prior parental consent, take part in a survey, analysis, or evaluation in which the primary purpose is to reveal information concerning:

1. Political affiliations or beliefs of the student or the student's parent;
2. Mental and psychological problems of the student or the student's family;
3. Sex behavior and attitudes;
4. Illegal, antisocial, self-incriminating, and demeaning behavior;
5. Critical appraisals of other individuals with whom students have close family relationships;
6. Legally recognized privileged or analogous relationships, such as those of lawyers, physicians, and ministers; or
7. Income (other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such program); or
8. Religious practices, affiliations, or beliefs of the student or the student's parent.

Prior consent to any such survey, analysis, or evaluation means the prior written consent of the student's parent or guardian or, if the student is emancipated, of the student.

Surveys conducted for other agencies, organizations, or individuals must have the recommendation of the superintendent of schools and the approval of the board of education as to content and purpose. The results of such approved surveys must be shared with the board of education.

Parents/guardians shall have the right to inspect, upon their request, a survey created by a third party before the survey is administered or distributed by a school to a student. Such requests shall be made in writing with a response to be at least two weeks in advance of any survey to be given.

Overall survey results following decisions must be shared with all parties who request such information.

Parents/guardians shall be notified at least annually, at the beginning of the school year, of this policy and when enrolling students for the first time in district schools. This notification must explain that parent/guardians, or students 18 or older, have the right to "opt the student out of participation," in writing, in the following activities:

1. The collection, disclosure, and use of personal information gathered from students for the purpose of marketing or selling that information. This does not apply to the collection, disclosure, or use of personal information collected from students for the exclusive purpose of developing, evaluating, or providing educational products or services for, or to students, such as:
 - A. College or other postsecondary education recruitment, or military recruitment;
 - B. Book clubs, magazines, and programs providing access to low-cost literary products;
 - C. Curriculum and instructional materials used in schools;
 - D. Tests and assessments;
 - E. Student recognition programs; and
 - F. The sale by students of products or services to raise funds for school-related activities.

2. The administration of any survey that delves into the restricted sensitive subject areas identified and listed above; or

3. The administration of any non-emergency, invasive physical examination or screening that is required as a condition of attendance, administered by the school not necessary to protect the immediate health or safety of the student or other students and not otherwise permitted or required by state law.

Parents/guardians of a student shall also have the right to inspect, upon request, any instructional material used as part of the educational curriculum.

CURRICULUM REQUIREMENTS

Lecture Notebook

Taking notes is a valuable learning skill that will help our students in college preparation and life-long skills.

All students will be required to keep a lecture notebook for each class in which they are enrolled. The only exception to this will be Physical Education and Competitive Athletics.

Teachers will grade these notebooks according to their classroom guidelines, and the notebooks will count as a test grade. These notebooks will contain student notes from class lectures and other related material for test and pertinent class information.

Class Speeches

It is very important for students to be able to present themselves in front of a captive audience. All students will present a prepared speech twice per year in their English classes. The topics presented and length of the presentation will be assigned by the classroom teachers.

School Handbooks

Student Handbooks will be the responsibility of each student in grades 6-12. These handbooks will include

policies and procedures that will affect students of Meeker Middle and High Schools.

Students are not permitted in the halls during classes without their STUDENT HANDBOOKS and proper signatures from their teachers.

Course Prerequisite

Students must pass a previous required class in order to advance to the next level of study.

For example, if a student fails to pass units of 9th grade English, the student must make it up in summer school or the student must repeat the course of 9th grade English before being allowed to enroll in 10th grade English.

DISTINGUISHED GRADUATE

The designation of "Distinguished Graduate" is placed on transcripts and diplomas of student who qualify. "Distinguished Graduates" are recognized at commencement exercises. Such a designation is awarded to students who meet the following requirements:

1. Minimum cumulative GPA of 3.5 for seven semesters at the time of the application.
2. No semester grade lower than a C.
3. Completion of the following courses in addition to graduation requirements:
Advanced Math/Pre-Calculus
Anatomy/Physiology or Chemistry or Physics
4. Completion of at least two credits from the following courses:
AP Biology AP US History
AP Calculus AP English III
AP Art AP English IV
AP Chemistry

Any student who desires to be recognized as a "Distinguished Graduate" should apply to the principal beginning in January of his/her senior year.

The application deadline is February 1. A designation of "Distinguished Graduate" will be made immediately on transcripts for college admission and scholarship applications.

ACADEMIC LETTER JACKET

The applications for Academic Letter Jacket will be available through the principal's office the first week of September. Applicants must be working toward "Distinguished Graduate" status.

VALEDICTORIAN-HIGH SCHOOL

Students recognized as valedictorian will be the students with the least number of B's and a "Distinguished Graduate".

SALUTATORIAN-HIGH SCHOOL

Students recognized as salutatorian will be the students with the second least number of B's and a "Distinguished Graduate".

In order for a student to be considered as valedictorian or salutatorian, he or she must be presently enrolled as a full time student.

To participate in commencement exercise or to appear on the senior panel, a senior must be within one unit of completing requirements, and must be currently enrolled in summer school or correspondence work to make up the deficiency. Two of the last three units required for a diploma must be completed while in attendance at Meeker High School.

ACTIVITIES

Students planning to miss school for a school sponsored activity must turn in all assignments before becoming eligible. The sponsor of the activity is responsible for ensuring that these students' names are on an activity list. To be eligible for an evening extracurricular activity, the student must be in school at least half of the school day. One half of the school day is being present for three (3) consecutive class periods.

Among other regulations, the state association requires that every boy or girl who competes in athletics must have written permission of his/her parents, must pass a physical examination, must not be 19 years of age before September 1st, and must reside/transfer in this community.

Meeker High School will endeavor at all times to bring a well-rounded program of school activities to the student body. Students should be aware that while the activity programs are for their benefit, they must accept the obligation and responsibility to see that the school is never embarrassed by their actions.

No harassment of officials or visiting team members and fans will be tolerated. Meeker Schools retains the right and school officials will exercise their responsibility to others to eject from the premises anyone demonstrating irresponsible behavior and those who attempt to consume alcoholic beverages or drugs at school sponsored activities at home and away. Police force will be used if necessary.

In an effort to protect the health and safety of its extra-curricular activities students from illegal and/or performance enhancing drug use and abuse, the Meeker School Board has adopted the Activity Student Drug Testing Policy for drug testing of activity students. The complete policy will be issued to each student involved and is located on the school website. A participating student who refuses to submit to a drug test authorized under this policy shall not be eligible to participate in any activities covered under this policy.

ACTIVITY ELIGIBILITY PROCEDURE

1. A student must be passing in all subjects in which he/she is enrolled in on a week to week basis.
2. If a student is failing in one or more classes during a week of eligibility, he/she will be placed on probation for one week. If a student is failing one or more classes the next week of eligibility, then the student is ineligible to participate in any extracurricular event or activity.
3. It is not possible to be placed on probation for two consecutive weeks. Once a student becomes ineligible, he/she will remain ineligible for a period defined by the rule to be from Monday through Sunday.
4. Any student who is ineligible may be denied attendance to any school assembly or pep rally.
5. Students failing to have a passing grade in five (5) classes at the end of any semester will not be eligible during the first 6 weeks of the next semester.

6. To be eligible, a student must be in attendance ninety (90) percent of the time.
7. Teachers are to use the grade book program to calculate eligibility.
8. Teachers should have eligibility calculated by the end of the day on Thursday. No grades will be allowed after the deadline on Thursday.
9. It will be the coaches'/sponsors' responsibility to personally check student eligibility. Posting of students will be by noon Friday.
10. It will be the responsibility of each teacher to submit eligibility on a timely basis in such a way that the student grade is fairly assessed.

Eligibility is not to be used as punishment. The teacher does not determine eligibility. He or she determines the grade a student is making at the time the teacher signs the form. Grades are to be cumulative and begin at the first of each semester.

ACTIVITY ABSENCES

The maximum number of absences for activities which removes any student from the classroom shall be ten for any class period of each school year. Excluded from this number are state and national levels of school-sponsored contests. State and national contests are those for which a student must earn the right to compete. A copy of the 10-day policy is in each principal's office.

ADMISSIONS

Students who live in our district are admitted to Meeker Middle and High Schools on presentation of a certificate of promotion from an accredited eight-year elementary school or an accredited junior high school.

They are also admitted on the presentation of a transcript from another accredited high school when the student proves residency in our district. State law requires students to have current and complete immunization records on file with the school. We honor other school districts' discipline actions.

AIDS EDUCATION

70 O.S. Section 11-103.3 School Laws of Oklahoma mandates acquired immune deficiency syndrome (AIDS) prevention education to be taught in the public schools.

AIDS prevention education is to be limited to the discussion of the disease, its spread and prevention. Students shall receive such education:

- A minimum of once during the period from grades 7 through 9; and
- A minimum of once during the period from grades 10 through 12.

The State Department of Education shall develop curriculum and materials for AIDS prevention education in conjunction with the State Department of Health.

ATTENDANCE

Regular attendance is expected in order to receive a proper education. If the principal or teacher determines attendance is irregular, excessive or interfering with academic progress a conference with the parents will be necessary. Students are expected to attend school. Parents should make every effort to encourage students to attend. **Each site will enlist the assistance of DHS and the district attorney in an effort to assure regular attendance.**

A student will be marked absent according to the rules of the State Board of Education. Absences are recorded by half days.

The following regulations will govern all absences, tardies, and make-ups associated with said attendance issues:

- Students will be limited to a maximum of seven (7) absences in any one calendar semester. A calendar semester is defined as August 10, 2017 through December 15, 2017 and from January 4, 2018 through May 10, 2018. Said grading semester will be revised at the beginning of each school year.
- Any student accumulating over seven (7) absences in any one calendar semester will receive **no credit** for any and all assignments, including tests, in any classes in which they have accumulated over seven (7) absences. **No credit** will be recorded for each day over seven (7). Approved school activities, pre-arranged absences, and excused absences that are supported by doctors' notes (said note(s) must identify the specific date(s) absent) will **not** be counted towards the maximum number of

allowable absences in a calendar semester. Students absent for a school related activity will acquire their assignments before leaving and are responsible for the completion of these assignments upon their return to class. School related absences will be excused.

- Pre-arranged absences will be limited to a maximum of five (5) in any one calendar semester and a maximum of seven (7) in an entire school year. Pre-arranged absences would include those situations in which a parent/guardian deems it necessary that a child miss school for reasons such as observance of religious holidays, family trips, etc. These absences must be pre-arranged by obtaining the respective principal's approval at least three (3) school days prior to the absence. **Prior to pre-arranged absences, students must confirm with their principal the absence itself, make-up work, and due dates for that work.**
- Absences that apply to the maximum allowable will be determined on a class period-by-class period basis.
- Whether absences are supported or not by a phone call from parents/guardians, the absences will be counted toward the maximum number of allowable absences in a grading semester.
- Students guilty of an unexcused absence deemed by the site principal to be truancy will be subject to disciplinary action and will not be allowed to make up any classroom assignments for the class period or day involved.
- When a student will be absent from school the parent/guardian will need to call the high school office (405-788-4540 ext. 401/402 HS or ext. 301 MS) and notify the attendance secretary or principal of the date(s) and reason for the absence. Absences documented by parent/guardian contact will count towards the maximum allowable. Absences supported by a doctor's note will **not** be counted towards the maximum allowable. All phone calls must be made within one day after the student returns to school.
- Doctor's note(s) must be turned into the office within 72 hours after the student returns to school.
- Students are responsible for making necessary arrangements for all make-up work when

absent. Said arrangements must be made on the first day the student returns back to school.

- Make-up work will be allowed under the following conditions: to receive full credit on a make-up assignment, a student will have one (1) day for each day absent to make up work with a maximum of five (5) days beginning on the day the student returns to school. If the work is not made up by the day required, then ten (10) percent will be deducted for each day late, up to and including the third day. After the third day, the student will not be allowed to make up the work for credit. Students will not be permitted to make up work missed due to an unexcused absence or in the event the student exceeds the maximum absences allowable in any one grading semester.
- When a student is sick and will be absent for 3 days or more and the parent wants to pick up class assignments for their child, the school needs to be notified by **9:00 a.m.** in order to have the work ready to be picked up by 3:00 pm that day.
- Tardies will be defined as being late to school or a class period or checking out of last period before 3:15 p.m.
- State statutes for mandatory attendance will continue to be followed as outlined in the district policy manual.

Parents are encouraged to make doctor and dental appointments before or after school whenever possible. When this cannot be accomplished, parents are to notify the school of the appointment and its time and location.

STUDENT CHECKOUT

- A student checking out during the day MUST SEE the principal or secretary in the main office before leaving the school building. **Parental permission must be verified before leaving campus.**
- Once a student gets to the campus, **HE/SHE MAY LEAVE THE CAMPUS ONLY WITH PERMISSION FROM THE OFFICE.**
- Check outs are issued (**at the request of parents**) to students who are ill, have medical appointments, etc. If a parent or guardian requests that a student be checked out for any

part of the day, he/she MUST communicate with the office by phone or in person (405-788-4540 ext. 401/402 HS or ext. 301 MS).

- Teachers may not send students away from the school on errands except with the approval of the superintendent or principal AND the parent/guardian.
- A student who is absent without parental contact will be considered truant.

TRUANCY

A student is considered truant when he/she leaves school without permission from the office or if he/she remains away from school. Cutting class for just one hour will be considered truancy, even though the student may not have left the school grounds. Consequences of truancy can result in detention, ISD, and/or out of school suspension. If truancy persists, the student could be suspended for the remainder of the semester for lack of attendance. During home suspension, students will be allowed to make-up work for 70% credit.

TARDIES

Students will be tardy if they enter class without proper materials with which to work, i.e. paper, books, pencil, pen, etc. Students are tardy when the **BELL STARTS TO RING**, signaling the beginning of each class period. Habitual tardies, even when parent contact is made, will not be excused.

Teachers will assign one day of **NOON DETENTION** for the second tardy. If a student is tardy 3 times in any one class per semester, 4 days noon detention will be assigned. Tardies are recorded in the teacher's grade book.

4 TARDIES=2 Days ISD and 1 unexcused absence
5 TARDIES=3 Days ISD and 1 unexcused absence

Consequences regarding excessive tardies will be determined by the administration.

BUS POLICIES AND PROCEDURES

To ensure the safety of our students, we have the following list of bus rider rules that we ask each rider to follow. Failure to comply with these rules could result in the student not being permitted to ride the bus.

Violators of these rules will first be admonished by the driver with the second offense being handled by the principal. The principal will contact the parents if the student continues to disobey. If at any time you have a question concerning the transportation of your child, please contact the school.

A student who rides a bus other than the one to which he/she is assigned (or to another stop on the same bus route) must provide the building principal with a phone call or request signed by his/her parent or guardian. Bus drivers have been instructed to allow no additional riders unless a note from the principal is presented when boarding the bus.

Prior to Loading (on the road and at school):

- Be on time at the designated bus stop.
- Stay off the road while waiting for the bus.
- Wait until the bus comes to a complete stop before attempting to enter.
- Be careful in approaching bus stops.
- Bus riders are not permitted to move toward the bus at the school loading zone until the bus comes to a complete stop.

While on the Bus:

- Keep hands and head inside the bus.
- Assist in keeping the bus safe and clean.
- Remember that loud talking/laughing or unnecessary confusion diverts the driver's attention and may result in a serious accident.
- Treat bus equipment with respect.
- Bus riders should never tamper with the bus or any of its equipment.
- Leave no books, lunches or other objects on the bus.
- Keep books, packages, coats and all other articles out of the aisles.
- Help look after the safety and comfort of small children.
- Do not throw anything out of the window.
- The bus driver reserves the right to assign seats as he/she deems necessary.
- Bus riders are not permitted to leave their seats while the bus is in motion.
- Horseplay is not permitted around or on the school bus.

- Bus riders are expected to be courteous to fellow pupils, the bus driver and others who may be on the bus.
- Keep absolutely quiet when approaching a railroad-crossing stop.
- Do not use profane language or make insulting remarks.
- In case of a road emergency, children are to remain on the bus unless instructed otherwise.
- Inflated balloons are not allowed on the bus.
- No food, drinks, or chewing gum should be consumed while on the bus.

After Leaving the Bus:

- When crossing the road, go at least 10 feet in front of the bus, stop, check traffic, watch for the bus driver's signal, and then cross.
- Students living on the right side of the road should immediately leave the bus and stay clear of traffic.
- Help look after the safety and comfort of small children.
- The driver will not discharge riders at places other than the regular bus stop, except by proper authorization from the parent or school official.

CAFETERIA PRIVILEGES

The cafeteria will be in operation for your use and benefit. All meals, whether you bring your lunch or breakfast, or buy it, shall be eaten in the lunchroom. No food shall be eaten elsewhere in the school. We are striving to serve you the best meals possible at the lowest possible price. All lunches should be paid two weeks or a month in advance. Hot lunches will be served. **No more than \$25.00 in charges will be permitted.**

It is our desire that no student goes hungry and undernourished. If it becomes impossible for parents to pay for a student's meals, the parents should contact the superintendent and when it is determined that the necessity exist, proper arrangements can be made.

CLASS DUES

High School students will be expected to pay class dues of \$10 per school term beginning with their freshmen year of high school. These dues will be used to fund the Jr. /Sr. Prom and other class activities sponsored by

Meeker High School. Students failing to pay class dues will not be allowed to participate in Prom activities, school dances or receive their student athletic passes.

CLASS ORGANIZATION-HS

The classes, organizations, and student council representatives in the high school will organize as early in the school year as it is feasible. Each class will elect a president, vice-president, secretary-treasurer, and reporter at the class elections in the fall. A sponsor will be appointed in the fall. Class time for organizational meetings will be limited.

To hold a class office, high school students must have a 3.0 GPA the previous two semesters with no grade lower than a "C".

COMMUNICABLE DISEASE

Students suspected of having any communicable disease, or living with persons thus affected, shall not be permitted to remain in the public schools unless specially authorized by the local department of health or a local doctor. In all cases the school officials shall be governed by the orders of the local health officer or doctor or by the County Nurse or the State Board of Health.

House Bill #1984 authorizes the local principal or his designated representative to conduct periodic inspections of school children to identify lice infestation. These inspections may be of specific children or of general population. If an infestation is found, the child will be dismissed from school until the situation is resolved.

CONCURRENT ENROLLMENT

Meeker High School encourages qualified seniors to enroll concurrently in college courses. They may begin taking college courses the summer after their junior year. However, students who might jeopardize their diplomas by concurrent enrollment will be prohibited from doing so.

By taking concurrent enrollment the student gives the school officials the right to check on dates, times, grades, and fees that relate to their college class work. In order for a student to be exempt from 1 or 2 hours of the normal 7 period day, the student must bring the paid enrollment receipt to the counselor's office for

filing. Only core courses are acceptable for this educational opportunity.

Students taking concurrent classes must remain in the concurrent classroom until the end of Meeker class periods. Concurrent students are still students of Meeker High School and all rules and regulations will apply.

COOPERATION

The education of a child must be a cooperative venture between parents and school. The success of this process can often be measured in terms of how well the school and home have communicated their mutual interests in the child.

The school is here to cooperate, and we will work with any concerns that students or parents may have. Excellence in education is our focus, and the individual student's education is our primary goal.

DEFACEMENT OF SCHOOL PROPERTY

Any student who cuts or otherwise damages any school building, property, or bus, or writes anything profane or obscene, or draws lewd pictures on school premises shall be liable to suspension or other punishment befitting the offense. Other punishment might include cleaning, painting, or paying for the damage.

Textbooks are the property of Meeker Public Schools. It is your responsibility, as the student, to take care of this property when issued to you. **It is your responsibility when a textbook(s) is lost or stolen to find it or pay the replacement cost.** Do not have books checked out to you in other students' lockers or classrooms.

DISCIPLINE AND STUDENT CONDUCT

The responsibility to deal with and correct student misbehavior is shared by parents, teachers, and administrators. Good discipline originates in the home because the parent is the first teacher of the child. It is the parents' responsibility to teach by example and to develop in the child, good habits of behavior as well as proper attitudes toward the school; however, the home and school must work together to provide for and maintain proper student conduct.

Parents have the responsibility to develop in their children, through teaching, counseling, and role-modeling, good behavior habits, respect for authority and a positive, proper attitude concerning school.

Teachers have the responsibility to provide a classroom environment that is safe, appropriate and orderly, and to establish an atmosphere conducive to learning.

Administrators have the responsibility to establish a climate of high expectations for teachers and students, and to deal effectively with students who choose to interrupt the educational process.

Typically students are expected to behave in a manner that is consistent with societal standards. Ideally we hope that each student will develop and maintain a sense of self-discipline and direction, but we recognize the fact that external measures must sometimes be applied and enforced. Schools will respond to undesirable or inappropriate student behavior by one or more of the following means.

1. Counseling and guidance sessions
2. Parental conferences
3. Assignment of lunch detention
4. Assignment of ISD
5. Assignment of community service
6. Probation
7. Corporal punishment
8. Suspension (out-of-school)
9. Referral to proper legal authorities.

Reasonable attempts and resources available will be utilized to aid individual students experiencing disciplinary difficulties. However, students will not be permitted to jeopardize the learning opportunities of other students or the instructional efforts of staff members.

To provide consistent and appropriate disciplinary action, building principals have defined student misbehavior and resulting consequences according to severity. A policy of this nature cannot cover every set of circumstances that may be encountered in the diverse and complex social setting of a public school. Therefore, administrators charged with the responsibility of creating and maintaining a physically safe and appropriate learning environment, may find it necessary to use options and procedures not covered in these policies.

The various infractions and levels of response are only guidelines. Disciplinary problems listed on Level 1 may be treated as a Level 2 or Level 3 offense based on the severity of the conduct, a student's tendency to engage in repeated misbehavior, or other aggravating factors. Likewise, a Level 3 or Level 2 offense may be modified and treated as a level offense based on mitigating circumstances the administration may, in its discretion, consider.

INFRACTIONS: LEVEL 1

2. Contact with a parent/guardian concerning the student's misbehavior
3. Assignment of detention time
4. Withdrawal of privileges

1. Written discipline contract
2. Disciplinary probation
3. Assignment of noon detention
4. Assignment of ISD
5. Assignment of community service
6. Corporal punishment
7. Short-term out of school suspension
8. Long-term out of school suspension

A student referred to the principal’s office for Level 2 misbehavior for the third time may be suspended from school or recommended for long-term out-of-school suspension in accordance with statutory guidelines.

DRESS CODE

Students that attend Meeker Schools are expected to dress neatly and appropriately as well as to be well groomed. It is our belief that dressing appropriately for school aids in establishing an educational environment that is conducive to learning.

It is impossible to include all the specific items for clothing not appropriate for school because the names and fashions change constantly, but students should be aware of the following guidelines as they prepare to dress for school:

- Articles of clothing or jewelry that display offensive language, advertise, depict, or otherwise suggest the support of drugs, alcohol, tobacco, sex, Satanism, or pornography are prohibited.
- Articles of clothing or jewelry that contain written messages or pictures that are not consistent with the mission and standards of the school are prohibited.

This policy is not intended to suppress religious or political expression providing such expression does not create a disruption. Said dress code is to be obeyed at school and/or while taking part in any school sponsored activity. This includes commencement/graduation ceremonies.

Any student who violates the dress code will be required to change their attire before they continue classes. Failure to observe the dress code of the Meeker Public School District will result in the following disciplinary actions:

First violation: There will be a conference with the student, teacher, and principal. The student will also be asked to change clothes.

Second violation: There will be a conference with the student, the student's parents, the teacher and the principal. The student will also be asked to change clothes.

Third violation: Suspension

Seniors who do not follow the dress code during commencement ceremonies will not be allowed to walk until inappropriate dress problems have been rectified.

DRUG & ALCOHOL ABUSE POLICY

Students voluntarily seeking help from any staff member for a drug dependency problem will get assistance, not punishment.

Students "caught" using or in possession of controlled dangerous substances, including alcohol, may be suspended for the remainder of the current semester and the following semester.

Students must have proof of counseling and a parent conference before being readmitted to school.

DRUG & ALCOHOL SUSPENSION POLICY

Attending classes alert and ready to learn is a prime responsibility of students at Meeker Public Schools. The inability to function in class may occur because of illness, injury, or drug use, prescribed or illegal. A student may be referred to the principal's office after demonstrating one or more of the following behaviors: sleeping in class, drowsy or listlessness, slurred speech, poor general health (red eyes, flushed skin, etc.) odor of smoke, abnormal or erratic behavior, inability to concentrate, wearing jewelry or clothing which promotes drug, alcohol, or tobacco use, fighting, possession of an illegal drug, alcohol or tobacco.

An employee of Meeker Public Schools may check the neurological function of the student by means of a simple examination of the pupil's reflexes and muscle functions of the eye. This procedure is frequently used in athletic programs to determine if the brain functions have been impaired by injury, illness, or disease. If neurological dysfunction is suspected, regardless of the cause, the parent/guardian will be contacted immediately. The above behaviors as well as the neurological examination may be sufficient probable cause to search the student (clothes, locker, vehicle, bag, etc.) for illegal drugs, drug paraphernalia, weapons, or other contraband.

A student found possessing, distributing or using alcohol or drugs or other contraband at school or school sponsored activities will receive:

1st Offense: OUT OF SCHOOL SUSPENSION UP TO EIGHTY-FIVE SCHOOL DAYS.

In an effort to protect the health and safety of its extra-curricular activities students from illegal and/or performance enhancing drug use and abuse, the Meeker School Board has adopted the Activity Student Drug Testing Policy for drug testing of activity students. The affected activities include those listed above. The complete policy will be issued to each student involved and is located on the high school website.
