

iPad/Chromebook PROTECTION PLAN --CHS Only

The CPS School District recognizes that with the implementation of the iPad/Chromebook and Chromebook initiative, there is a need to protect the investment of the district and the interest of the students and parents. The following outlines two methods of protection available to families. If the iPad/Chromebook or Chromebook malfunctions due to software or operating system errors, it is likely covered under warranty and needs to be reported to the library immediately. Apple will determine whether this issue is covered by the warranty policy.

School District Insurance

You choose to pay the school district an annual protection payment for coverage of theft, loss or damaged by fire/flood, water in the amount of \$40.00/year. The \$40.00 payment is nonrefundable. Students will purchase their own case or use the case provided in 2015-16. This annual coverage begins upon receipt of the payment and ends at the conclusion of each school year. **You understand that an additional \$30 deductible will be expected if the iPad/Chromebook is broken. \$60 will be assessed for loss and (\$60) will be assessed for theft IF a police report is filed and turned into the technology office, \$120 if a police report is NOT turned into the school.** Student who have lost or broken their charger can purchase a new one for \$15 or purchase their own replacement charger.

Bring Your Own Device

You chose to allow your child to bring their own iPad/Chromebook (iPad/Chromebooks with wifi capability needed). You understand that the school is not responsible for your child's iPad/Chromebook and will not be held liable for loss, theft, or damage to their iPad/Chromebook even when it is at school. All acceptable use policies still apply.
