Below is a summary of the core standards your child covered in 4th grade and will learn in 5th grade. In addition, we are including some suggestions for summer reading and activities to help them retain skills over the summer break.

4th grade reading: Reading informational text
   Locating evidence within nonfiction text
   Using informational text to ask and answer questions
   Writing short essays/stories based on text/prompts

4th grade math: Working with Fraction

5th grade reading: Informational text

5th grade math: Working with Fractions
   Working with Decimals
   Volume

Summer Reading: Online resources: Storylineonline.net, Whooo’s Reading, Grammar Park Practice, Readworks.org. and openlibrary.org

We suggest your child visit the Bolivar-Hardeman County Library and sign up for a library card this summer. Weekly visits are an excellent way to maintain and improve reading levels and improve comprehension.
