Food Service Meal Pricing Information

For the 2019-2020 school year, Sinton ISD is approved to operate the Community Eligibility Provision (CEP) program which allows the Sinton ISD food service department to provide breakfast and lunch meals for all Sinton ISD students, at no cost to the student. The CEP program eliminates the collection of meal applications from households. Each enrolled SISD student is permitted access to one breakfast and one lunch, per day, at no charge.

Please note, at Sinton ISD, students have access to purchase extra menu and snack items. Sinton ISD does not allow charging of these extra/additional menu and/or snack items, therefore, students must have either a positive food service account balance or cash at the time of purchase in the amount sufficient to cover purchases. In addition, when a student selects more menu items than the planned meal (see menus posted on district website <http://www.sintonisd.net/wp/index.php/food-service/>), the student will be charged a la carte pricing for the additional items at the time of purchase.

Please feel free to make a payment(s) to your child's food service account to allow for extra purchases. Payments are accepted at the cash registers as well as may be made online via www.lunchmoneynow.com. If you send a payment with your child, we encourage payment in the form of a check with a note "for food service account".
