Superintendent

The real purpose of our existence is not to make a living but to make a life—a worthy, well rounded, useful life. It is my wish, that each of you have through determined efforts, laid the foundation for a better life. May this year carry memories ever dear to your heart and worthy of your every effort.

BEN COBB

Principal

Dear Students,

School life displayed in this annual reflects the opportunities that have been yours to grow educationally as well as physically. It brings to each of you the realization that time has passed quickly leaving memories of many occasions.

May each of you find in your reflections of the past the real challenge to reach forth and attain even higher goals for your life. My congratulations to the Annual Staff for their fine work, making the annual a cherished book of memories.

P.T.C.

The P.T.C. is an organization of parents and teachers working together for the improvement of our school. The P.T.C. has one money making project each year. This past year was a record year since the net profit exceeded all other years. This money is used to purchase much needed items for our classrooms and playgrounds.

We, the F. I. S. D. Talented Student Seminar Representatives, are proud that we could represent our school at the Small School Seminars held at Blinn College in Brenham. Academically talented juniors and seniors from Burton, Round Top-Carmine, and Fayetteville discussed matters such as amnesty, morals, career education and the German language. We learned a great deal from our tour of the Blue Bell Creamery, the Brenham Post Office and the Brenham State School. We feel that we have broadened our experiences by attending these sessions.
