## Quiz Bowl Team

"How do you spell TOURNIQUET?" What are the official languages of Belgium?" These are examples of questions that challenged the team bowl members this year. The Waynoka Meet was the first competition the Arnett team participated in, and the final competition was the AHS team against representatives of the Kiwanis Club.

Due to financial cutbacks that have affected Oklahoma Schools this year, the Annual Class faced a challenging project: to produce a high quality yearbook on a limited number of pages and to be totally responsible for financing it.

To really appreciate this challenge, let us look at two obstacles. First, high quality binding and paper must be used if an annual is to be expected to hold its shape and not lose its pages. Second, colored pages add "specialness" to honored groups or activities. Both of these factors cost extra. Even with some page limitation, our annuals average fifty dollars EACH.

In light of this knowledge, the Annual Class would like to say THANK YOU to everyone who contributed in helping meet this challenge. We realize that your ad or sponsorship reaches out and only touches our small community. We hope everyone realizes that without your help we would not have been able to record our 1987-88 school year.

# *In Memory of Jay "Buddy" Bryant*

*This boy, sitting there alive and full of unharnessed  
energy,  
Who told him he was special and could awaken this mor-  
ning — and live all day?  
What Hand kept his machine in control and the forces  
around him?  
What Vision saw dangers about and removed them?  
And what Judge made the decision this boy can stay . . .  
but —  
That one ever there, in that far chair in the back row must  
go?*

## *Dedicated to Donald and Ginger Hennigh*

We, the 1988 Annual Staff, dedicate this annual to the Hennighs. Together, they have taught at Arnett Public School for twenty years. Mrs. Hennigh has touched our lives in kindergarten and continued to by way of vocal and instrumental music. Mr. Hennigh has taught industrial arts, many science courses, and has served as both elementary and high school principal. We would like to thank them for their years of service and dedication.

The first part of the paper discusses the importance of the study of the history of the English language. It is a branch of linguistics which deals with the changes in the language over time. The study of the history of the English language is important for several reasons. First, it helps us to understand the development of the language and the factors which have influenced it. Second, it helps us to understand the relationship between the English language and other languages. Third, it helps us to understand the cultural and social changes which have influenced the language.
