

# COVID-19 School Benchmarks

## By Arizona County

The following are public health recommendations to guide school administration on which learning model could be implemented for their school based on community spread within their county.

The Arizona Department of Health Services (ADHS) recommends county-specific public health benchmarks fall in the **moderate** or **minimal** category in all three benchmarks for two weeks in order to provide Hybrid learning. The [ADHS Schools Toolkit](#) further defines community spread levels and delivery models outlined below.

### School reopening plans should encompass four scenarios:

- Traditional/in-person - All students in physical buildings
- Hybrid - Some students in physical buildings and some students distance learning
- Virtual - All students distance learning with onsite support services
- Intermittent - Intermittent distance learning based on emergency closures as defined by state and local health departments

County	Recommended School Delivery Model
Apache	Hybrid
Cochise	Hybrid
Coconino	Hybrid
Gila	Hybrid
Graham	Hybrid
Greenlee	In-Person
La Paz	Hybrid
Maricopa	Hybrid
Mohave	Hybrid
Navajo	Hybrid
Pima	Hybrid
Pinal	Hybrid
Santa Cruz	Hybrid
Yavapai	Hybrid
Yuma	Hybrid
