

# Lesson 17: Classes in Analogies .....

Analogies can be used to compare examples of one class to examples of another class.

## Key to Solving

How can you compare examples of one class to examples of another?

tabby, cat      collie, dog

You can make an analogy to compare word pairs:  
**Tabby is to cat as collie is to dog.**

**Directions:** Darken the circle for the word that best completes each analogy.

1. Clock is to timepiece as monocle is to \_\_\_\_\_.  
(A) sight      (B) time      (C) watch      (D) eyeglasses
2. Schooner is to boat as doll is to \_\_\_\_\_.  
(A) ocean      (B) toy      (C) play      (D) sail
3. Sofa is to furniture as refrigerator is to \_\_\_\_\_.  
(A) appliance      (B) food      (C) couch      (D) kitchen
4. Mosquito is to insect as jacket is to \_\_\_\_\_.  
(A) belt      (B) coat      (C) clothing      (D) buttons
5. January is to month as summer is to \_\_\_\_\_.  
(A) season      (B) snow      (C) sun      (D) calendar

Create your own analogy using examples of a class. Trade with a partner and think of a different example to go with each pair.
