

Lesson 18: Objects People Use

Analogies can be used to connect objects with their functions.

Key to Solving

How are these words related?

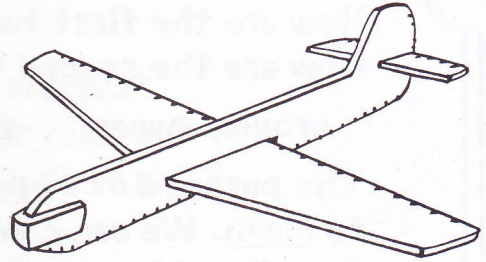

helicopter, airplane, glider

They are all things that fly.

How are these words related?

skates, wheelbarrow, bicycle

They are all things that roll.

Directions: Read each group of words. Decide how they are related and write the name of their function on the line.

1. guitar, piano, saxophone _____
2. oven, grill, toaster _____
3. door, gate, window _____
4. hourglass, clock, wristwatch _____
5. sycamore, grass, cactus _____
6. light bulb, lamp, flashlight _____
7. refrigerator, freezer, ice pack _____
8. dishwasher, bleach, mop _____
