

Belle Plaine Elementary

Dragon Tales

November 2020

Thank you!

Whether you had a phone, virtual, or face-to-face conference with your child's teacher, we want to thank all the parents who were able to participate in the Parent/Teacher Conferences! The teachers appreciate your interest in your child's education and willingness to maintain communication. Thank your patience and understanding of the formats used!

Operation Compassion

Each year, Belle Plaine schools participate in Operation Compassion where we collect food items for the community. Operation Compassion has been designated for the week of November 30th-December 4th. Please start collecting your items. The Board of Education has promised our students and staff that if we reach a goal of 5000 items, a day of school will be eliminated on our calendar!

Wednesday, November, 25th-27th
No School.

Virtual Career Day

Dear Parents,

Career Day is rapidly approaching and we need YOUR experiences! Whether you are a nurse, custodian, business owner, firefighter, or photographer---we need you!!!

We are looking for a variety of individuals interested in sending in video clips of you talking to our students about your career. This is a great opportunity to provide students first-hand knowledge of potential career paths and to make an impact on the students' future. The videos would be approximately 5 minutes in length; which would include a description of your job, how interpersonal skills (teamwork, communication, problem solving skills), intrapersonal skills (ethics, integrity, emotions, goal setting) and cognitive skills (time management skills, critical thinking) are important to effectively perform your job.

If you are not interested, but know someone who is, please give them (or us) the necessary contact information. The 2020 BPES Career Day is November 20th, 2020. Please send videos to the email address below before November 16th, 2020 to ensure inclusion in the PowerPoint presentation.

Thank you in advance for your involvement!

If you have any questions or would like further information please contact me at
thoover@usd357.org or
at (620) 488-5626
