Another year has come... and gone. How do the
days pass so quickly? It seems like only yesterday we
began work on the '74 AERIAL. And, now, you are
reading the finished product.

The 1973-74 school year has been a great year. A year
of fun, excitement, and much hard work. We have
grown a year older and a year wiser. We have ma-
tured and changed little by little. Juniors are now se-
niors, freshmen are sophomores, and the Class of '74
has now parted and said good-bye. Yes, it has been a
great year, a year to remember always.

The '74 AERIAL was planned, talked about, and took
much time to produce. We hope we have included all
the activities you wish to keep fresh in your memories
of T.H.S. Many changes have been made in this year's
book hoping to keep up with the changes taking place
around us.

Being editor and assistant editor of the '74 AERIAL
have been honors, and we are privileged to have been
involved in it. We feel that if one part of this yearbook
brings back even one impression of Teague High
School, our jobs were well done.
CLASS OF '74 RECEIVES
AERIAL'S HIGHEST HONOR

To honor a group in a special way requires much thought and consideration by the staff bestowing the honor. And of course the recipients must be deserving of the honor. That is the reason the 1974 AERIAL has chosen the Class of '74 to receive the AERIAL'S highest honor—that of dedicating the '74 AERIAL to them.

The Class of '74 is a small but a very active one. They have participated in various sports, clubs, and organizations. They have added a lot to Toogee High School during the four years they have attended.

In May the Class of '74 parts from T.H.S. It will be a happy and sad time. Each member of the class will have many cherished memories of their four high school years. The '74 AERIAL staff hopes to have captured one year of memories in this book and we proudly dedicate it to you, Class of '74.

COACHES: LIONS KEY TO SUCCESS

Determination and courage on the part of all competitive athletes and great school spirit combined to make Teague High School’s 1973-74 sports program an outstanding one. But there is also one more very important factor in having a successful athletic program: Coaches.

Teague High School is proud of its coaches. They have worked together throughout the year to provide the best possible program in football, basketball, tennis, track, and golf.

Led by Head Coach Billy Bilderback, these four men have been the backbone of the Lions, teaching each member cooperation, pride, and sense of fair play.

The Junior Varsity Cheerleaders were very active this year. They made signs, participated in money-raising projects, and most important—promoted spirit.

The "team" was made up of six freshmen, always eager and willing to cheer. Elected by their class members, these girls were a vital part of the Junior Varsity's success. They attended football as well as basketball games, and in a sense, did sparkle with spirit. Being a Junior Varsity Cheerleader was a position they were all proud of...a position that they will cherish forever.

STUDENT COUNCIL WORKS FOR BETTERMENT OF SCHOOL AND TOWN

The Teague High School Student Council, under the supervision of Mr. Charles Brown and through the leadership of its President, Jimmy Dammon, and its other seven officers was extremely active during the 1973-74 school year.

Acting as the intermediary between the students, faculty, and administration, the Council sponsored many activities for the student body as well as for the betterment of the town.

The Council collected books for the hospital which the patients greatly appreciated. They sponsored a "Food for the Needy" drive for the third consecutive year. They planned many pep rallies and assemblies which were enjoyable to the student body. A new project for the Council this year was raising money with other councils in the district to build a school in South America. These are just a few of the THS Student Council's activities and accomplishments.

The Teague High School Student Council is a very active one and a group whose success is due to individual cooperation from each member.

The National Honor Society is a special group of T.H.S. students. These members are chosen by the high school faculty on the basis of character, leadership, scholarship, and service both in and outside of school.

It is an honor and a privilege to be chosen as a member of the National Honor Society. Each of the members work together for the betterment of Teague High School. They work to achieve unity at T.H.S.

Sponsored by Mrs. Bruce Autry, the N.H.S. has had a very successful year.

AERIAL STAFF WORKS TO EDIT BEST ANNUAL

The AERIAL staff—determined to produce the best annual ever—accepted and put into use modern yearbook procedures. These included new layout methods, new sharper pictures, and the use of color. Decisions had to be made on the cover design, type of paper, headline style, and layout styles.

Each staff member put forth much work and some even experienced some nights with little sleep in order to meet the four important deadlines.

Getting ideas, taking pictures, and attempting to cover all events are only a small part of producing the AERIAL. Much imagination is required in attempting to present the students' life at Teague High with its defeats as well as its victories.

ORANGE & WHITE MAKES THE HEADLINES

Initiation for the 73-74 Orange & White staff began in August as plans for the first edition began to materialize. Drawing layouts, writing copy, and proofing became daily activities for the staff.

Deadlines caught the staff in proofing sessions and in adding "last minute touches" with sighs of relief as the Orange & White began to take shape.

Led by Editor Sandy Black, the Orange & White staff worked hard together to produce an informative and entertaining paper each month.

QUILL AND SCROLL PROMOTES SCHOLARSHIP IN JOURNALISM

Quill and Scroll is an international honorary society for high school journalists. To become a member of Quill and Scroll a student must rank in the top third of the junior and senior class. He must also do superior work on a school publication.

Members of the AERIAL and the Orange and White staffs are eligible for membership by invitation. It is an honor to be chosen for membership.

Led by sponsor, Ms. Peggy Holland, the Quill and Scroll chose eleven new members, five juniors, and six seniors.

LIBRARY CLUB ORGANIZES BOOKS FOR STUDENT’S USE

As in most schools, the THS library is the center of activities. In it not only can be found books for pleasure reading but also reference books for the research papers required in many courses.

Many new books were acquired at the beginning of the school year and were quickly put into use by students and teachers. These books were labeled and organized by the members of the Library Club. Countless hours were spent arranging the library for the student’s use.

Sponsored by Mrs. Virginia Alford, and Mr. Charles Brown, the ten members of the Library Club try to make the library and its materials as accessible as possible to faculty and students alike.

LIBRARY CLUB MEMBERS: Left to right: Karen Norton, Bennie Lindsey, Sherry Manning, Joy Savage, Dana Little, Charlotte Bowen, Kay Norton, Ruby Jan Campbell, Will Ndiiu.
The purpose of the Thespians is to provide interested students with opportunities in drama. Under the direction and sponsorship of Ms. Peggy Holland these opportunities came in the form of presenting plays for the enjoyment of the public, as well as for contest. These experiences combine to teach members of the Thespians the value of the stage as a place of self-knowledge, self-expression, and entertainment.

For the first time the Thespians presented a Christmas play entitled "The Lost and Found Christmas". It was presented to the high school, Sallie Mounger Elementary, and Dew Elementary. The highlight of the show was an appearance from Santa Claus.

In the spring, the Thespians presented three other plays entitled "Don't Sign the Deed", "The Final Dress Rehearsal", and "The Happy Scarecrow" which was the contest play. The plays were presented to the public on April 4 and 5 and were greatly accepted.

D.E. GETS THE BUSINESS

D.E. CO-OP
Distributive Education is a vocational training program designed to attract people to and train them for occupations in sales, merchandising, marketing, and distribution of goods and services to consumers. D.E. instruction covers all levels of responsibility—from the salesperson to the sales executive. Composed of high school, cooperative, pre-employment, post high school cooperative and adult programs of study, D.E. offers employee, supervisory and management training.

D.E. PRE-EMPLOYMENT
A pre-employment Laboratory Training program is designed to give technical instruction and provide experiences for students preparing to enter distributive occupations. Training in selected occupations and clusters of related distributive occupations in the specially equipped D.E. laboratory-classroom gives meaning and purpose to the students enrolled in this program.

FACULTY
The youth of today have as their ultimate goal maximum personal development. This ever evolving process of mental and physical development should be a cooperative endeavor of the home, school and community. The greatest reward will be personal satisfaction accompanied by service dedicated to our American society.

Dr. W. C. Vincent
Superintendent
Some twenty-two years ago I wrote my first message for the Teague High Aerial. Fundamentally there have been very few changes. Our aims are to have a school to meet the basic needs of our students. I sincerely hope every student has taken full advantage of all the opportunities we have tried to place before you and that all of you will live a happy and fruitful life.

CLASSES
SENIORS SOAR THROUGH '74

This is their year . . . 1974. After three long years of waiting they have finally reached the most important position in any high school . . . that of being a senior.

Their senior year has indeed been a very exciting year. It has been a year full of many different activities which has kept the members of the class busy. The Senior Trip and The Senior Banquet are two highlights of the year.

In May, the Class of '74 will leave behind many fond memories . . . memories of four very special years. Memories that they can look up against their heart to cherish forever.

CLASS OF '74 . . .
The Juniors of Tcago High School take pride in their accomplishments and set high standards for themselves. Active participation in sports and other extracurricular activities is only one part of being a junior. They maintain a high scholastic average with a large percentage of students on the honor roll and in the National Honor Society.

The Juniors realize that they have only a short time left at THS and they are determined to make the most of every minute. They watch Baccalaureate and Graduation with eager anticipation. They watch and wait their turn.

The Sophomores are no longer the youngest class. They have one year behind them and only three more grand ones to go. They know which teachers are harder and where to meet their friends after school. They know when they can wander in the halls and when they can't.

Classes and studies take up much of their time but they still find opportunities to participate in school activities. Many Sophomores participate in varsity and Jr. varsity football and basketball, in various clubs, and in holding new offices.

With the help of their sponsors, the Class of '76 will continue to accept and excel in new responsibilities.

FRESHMAN ENJOY THEIR
FIRST YEAR AT T.H.S.

They were given a class card, a locker number, and a
homeroom. Everything was new: teachers, rooms, and
hundreds of faces all looking like they were saying
"Hey, Fish." Bewildered, perplexed, and mystified,
they had to go from room 12 to room 33 in five minutes
and had no idea where any hall led.

They finally found their way around and became one
of the stream of traffic. They yelled at pep rallies,
worked on Christmas door decorations, and partici-
parated in various sports and organizations. Before they
only watched; then slowly they became a part; some-
day they will be a leader.

We're not mischievous
But we're not from Heaven

The exchange of currency for merchandise is as timely and exciting an event as can be found in the world today. In years gone by, advertising was small and cramped and limited and totally without imagination. In 1974, however, public relations firms are classified as a multi-million dollar industry. Reluctantly investigated by progressive businessmen at first, the advertising world has turned into one of the most important success stories of all times. Why is advertising so important? Why is so much money spent on publicity every year? It works, that's why. Students see that friends are advertising a business establishment in the school yearbook, and they want to patronize it. The very fact that these local businesses care enough about our students to advertise exclusively for them gives a clue as to what kind of merchants they are. Their products are worthwhile, or the AERIAL wouldn't accept the publicity contract. Their attitudes are commendable, or they wouldn't be paying attention to a bunch of school kids. In short, they reflect the SPIRIT OF '74.
