

Frequently Asked Questions

Chrome Books

- Chrome books will be issued on August 10th. Before checking one out the guardian of the child attending Beaugaurd's Virtual Program will sign a contract stating that the computer will be taken care of and students will be completing assignments throughout the year. If the computer is stolen or damaged the replacement fee is \$300. If the computer has an internal failure then it is covered by warranty.

Responsibility Contract

- The responsibility contract is "Acceptable Use Policy" that children must have every year at school to use a computer. This policy states that children will be responsible and use technology for school use only.

Attendance

- Your child will be required to log on each day and complete a task. This is how we will be taking attendance. School for virtual learners will start on August 17th.

Supply Fee/ Materials

- Even though your child will be completing most of their work online, we will still be sending home materials. The school supply fee will cover those materials sent home. Materials that your child will need for the week will be picked up each Monday at 12:30-1:45. We will be sending home different materials that they will need to complete hands-on tasks.

Breakfast/Lunch

- On Mondays when you are picking up your materials at 12:30-1:45 you can also pick up the week's breakfasts and lunches.

Communication

- Please use CLASSTAG to communicate with me! I have set you up and will be using this all year. Classtag does have an app that is easy to use. I will be available from 8-3 on school days to help you or answer any questions you may have.

Google Meets

- Your child will be required to use Google Meets for certain assignments. I will have a sign up on Classtag the week before to schedule a time for the meeting.

School Meetings

- In some instances I may request that your child come to school. It will most likely be to take a Unit Test for Math or Reading. Test taking is an important skill we teach in first grade. I will set up test times on Classtag the week before.

Internet

- If you do not have internet access please see the map in Google Classroom. It will show you where the hotspots are located.

Schedule

- There will be no set schedule. I will have all assignments posted online each day at 8am. If you are not home during the day to work with your child and will be doing it after work that is not a problem. I will be available during school hours to answer questions.

Assignments

- Assignments will be available through Google Classroom. The first week of school will be students using programs they might not be familiar with before we dive into learning. Some assignments will not be graded. They will still be turned in so I can see your child's work.
