8/21/2020

Dear Stigler Elementary & Middle School Parents,

We regret to inform you that a staff member who shares time between our elementary school and middle school has tested positive for COVID-19. Our staff at this time wear face coverings during the school day when social distancing is not possible. The students, faculty, and staff that were in close contact with this individual have been notified and mandated to quarantine at home for 14 days. At this time, we do not feel that your child was in close contact with the positive individual; however, we are working with the health department on “contact tracing” and will individually notify you if we find out otherwise. We are following CDC guidelines and protocols set by the State Department of Health and our school district to decrease potential spread.

Should your child/children start exhibiting COVID-19 related symptoms, it is strongly recommended that you contact their primary care physician or the local health department to have them tested immediately.

Should you have any questions or concerns, please don’t hesitate to contact either the middle school office (918-967-2521) or the elementary school office (918-967-8835).

Sincerely,

David Morgan
Superintendent
Stigler Public Schools
