Assignments for the district committees were made. It is best to use parents before teachers for the committees. Assignments are: Technology-Teri Richins, Transportation-Bonnee Weaver, Safety-Megan Wilkinson, Policy-Adam Birt.

Megan nominated Bonnee to be the new chair for the committee, Kandi 2nd the motion. The committee approved.

Renn nominated Adriana for co-chair, Megan 2nd. It was approved.

District meetings:

Transportation---Students should use the crosswalks. The transportation dept. would like MMS students to walk on the opposite side of MMS and cross the street to the Rock church. If needed, they could cross from the rock church to the courthouse. MES doesn't want any MMS or MHS students on their campus.

Safety---discussed helping students understand using racial slurs is unacceptable.

Covid—Masks are required. Mr. Hoopes has talked with a group of students who are not wearing them. Teachers have asked about using points for or against students for not wearing masks. Megan and Adriana are against that. It is important to give mask breaks for students.

Lanyards were purchased for ID cards and masks. We will remind students to hook mask to the lanyards.

Our school wide goal for trustlands money is to have 80% of students at grade level.

Our spend plan includes 1 teacher and ½ of a teacher salary. This includes Shop and Art.

The district acquired a grant that will provide one chomebook cart each year.

Mr. Hoopes and Mrs. Morrell read a book over the summer called "one word that will change your life". Mr. Hoopes asked each teacher and staff member to come up with their word. He put the words on a poster and had copies of the poster made. There is a poster hanging in each classroom.

Starting Sept. 21, the state will be providing lunch for every student. This will go until Dec. 31.

Adriana will do job enlargements for the year. These will be approved by the council.

Our next meeting will be Oct. 21 at 1:30.

Kandi motioned to adjourn, Megan 2nd the motion.
