CORE VALUES

Amarillo ISD has established four core values that specify how we will bring value to our students and community, guide our decision-making process, and help determine the outcomes or answer to major issues.

CORE VALUE: STUDENT ACHIEVEMENT

The district's focus is to ensure superior academic achievement by all students. Superior academic achievement is ensured through evaluation, engagement, curriculum, and assessment.

CORE VALUE: RESOURCE ALLOCATION

The District's resources will be allocated to ensure academic achievement by all students. Academic achievement is ensured by the proper allocation of the District's resources to secure safe and well-maintained facilities, appropriate technology and curriculum, and quality staff.

CORE VALUE: QUALITY STAFF

Academic achievement is the direct result of the District's recruitment, development, and retention of a high-quality and diverse staff. The District is committed to competitive compensation and high-quality staff development and training for all employees.

CORE VALUE: STAKEHOLDER ENGAGEMENT

The District will be an essential member of the community and responsive to the needs of District stakeholders. The District is committed to providing high-quality service and communication to individual students and families, staff and employees, and all of the District's communities and taxpayers.

Belief Statements

Developed by the Amarillo ISD Board of Trustees, September 2018.

1. We believe that all students can learn and that they should graduate ready for college, career, or military service because education is the great equalizer in society.
2. We believe all students benefit from the appropriate use of District resources.
3. We believe personalized instruction, authentic engagement in the learning process, the appropriate use of data, and well-maintained and distraction-free learning environments are critical for superior academic achievement.
4. We believe education is a partnership among all stakeholders, including the core partnership the District has with students' parents.

Vision
