

Chieftain
1991

Jump the stream, wade through the mud, hope the steps won't fall today. That's what makes this year "different". It's kind of like going on a safari. Every day there is a new challenge, be it fighting gators in the Chieftain River that runs between the trailers and the gym, or fighting the monsters that turn the steps over. But heck, this is nothing.

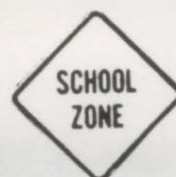

Wait until it's 40 degrees below and we have to cross the frozen Chieftain River, fight the abominable snowman, then wade through four feet of snow while climbing a hill. All we need now is a 20 mile hike and we would even have Grandpa's sympathy.

Shane Brooks, Sophomore '91

Changing Images

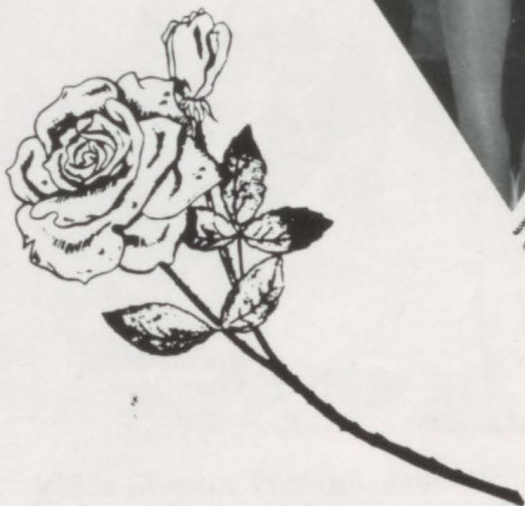

1. Hi, I'd like to be your governor. 2. The Chieftain H-I-P-P-I-E-S! 3. Could this be Mr. Fields' replacement? 4. For \$56, you could've had me & baby, too. 5. Hey guys, can I play, too?! 6. Rain drops keep falling on my head! 7. Me Chieftain, you enemy.

The German Club, under the direction of Mr. Harold Kirkpatrick, has learned quite alot. Each member has had the opportunity to participate in different activities, including visiting the studio at Oklahoma State University in Stillwater where the German by Satellite broadcast is aired. The experience was very exciting and being on the satellite is something they will never forget.
