October 21, 2020

Dear Antlers Public Schools parents, staff and community members:

This afternoon, we received notification that two Antlers Public School employees have tested positive for COVID-19. While we must protect the privacy of the people involved, we believe it is best to communicate transparently with you so you can make well-informed decisions for your family.

There is nothing more important to the Antlers Public Schools than the safety and health of our students, our staff and their families. We are working directly with county health officials to address this situation. The Antlers Public Schools will continue to follow all COVID-related safety procedures included in our back to school plan. At this time, we are continuing with face to face instruction.

Our greatest priority is the safety of our students, staff and community members. It is important to remember that children are greatly influenced by the reactions of adults when facing difficult circumstances. I encourage everyone to remain calm and to be empathic and respectful to those affected.

We are grateful for the opportunity to serve you and your family, especially as we face this challenging situation together. Thank you for your support of the Antlers Public Schools

Sincerely,

Bryan McNutt, Superintendent
Antlers Public Schools
