

Verden Public Schools Is Making Security CHANGES!

Our school has purchased a new security system. This system will be installed on the exterior doors of each building. Parents and visitors will not be able to access the buildings without clearance from the building secretary. If you come pick your child up before dismissal, you will have to push a doorbell button and a camera will display your image to the secretary. The secretary will buzz you in. Should you have someone come and pick your child up from school that is not on your child's pick up list, please remind them that they will need to bring their ID. They will have to show their ID to pick up your child.

For the Elementary and Middle school this will affect parents as they may come early to pick their children up and may want to wait in the halls. Please note that you will no longer be able to do this. When school dismisses, students will be picked up outside the building. Parents will not be granted access to the building to pick children up. Please plan your afternoon arrival time accordingly as you will have to wait outside until students are dismissed.

We hope that you will be understanding and cooperative with the new changes. Please remember that we are implementing the new rules to protect your children. This is a big expense and we know that the security of our students is well worth the investment. This system will be operational sometime during the week of December 4th.
