The flyer features a top orange banner with a red heart icon, the word "ASTHMA" in white, and a yellow star. Below this is a photo of two smiling children. To the right of the photo, the words "BREATH OF LIFE MOBILE CLINIC" are stacked in colorful, blocky letters. A large blue circle on the right contains the event details. Below the photo, a section titled "Managing Your Child's Asthma Just Got Easier!" lists services and includes a bulleted list. At the bottom right is an image of the mobile clinic bus and the UT Health Northeast logo with contact information.

**Managing Your Child's
Asthma Just Got Easier!**

Our Breath of Life Mobile Clinic and its trained healthcare staff offer the following services while visiting Northeast Texas schools and clinics:

- Asthma Screenings & Breathing Tests
- Personal Management Plans
- Parent & Child Education
- Continued Follow-up Care

Through self-managed asthma care, your child could have fewer asthma attacks, fewer ER visits, miss less school and enjoy a happier and healthier life.
