Goddard Public Schools Families.

As indicated last Friday, our staff is dedicating this week to finalizing the continuous learning opportunities for all students. While this situation presents many challenges, it also has provided many great opportunities for our staff to develop innovative ways to support distance learning.

Earlier today you should have received an email from your child's school indicating the process to pick up personal belongings and student medication the next couple of days. We know these items at school are essential not only from a health standpoint for many of our students, but will be needed as we begin the instructional activities next week. As we work through this process please be mindful of the social distancing requirements we are following such as not having more than 10 people in a room and every person will be 6' apart.

On Wednesday, March 25, you will receive another (very short) survey designed to help us determine the technology needs of our students. We hope ALL families will take a moment to complete the survey as the results will help the district ensure we are meeting the learning needs of our students. In addition, we started our first day of providing meals and had hundreds of students take advantage of this opportunity. We hope many more will participate in this FREE program in the next few weeks.

Meal Pick-Up Information and Details: USD 265 Nutrition Services staff will begin providing packaged lunch and breakfast to **all** children between the ages of 1 and 18, Monday through Friday, 11:30 a.m. to 1:00 p.m. at three locations including the North side of Eisenhower High School, the North side of Oak Street Elementary School, and on the street in front of Brentwood Apartments (600 S. Main St., Goddard, KS). There are no eligibility requirements to qualify for this service, however children must be present to receive their meals. Children can walk up, or families can drive through and pick up a package meal containing lunch and breakfast for the next day. **Federal guidelines require your child(ren) must be physically present at the distribution site to pick-up their meals.** There will be more information to follow concerning meal deliveries to families who are unable to pick up meals in person.

We encourage all families to please be mindful of the following:

- Wash your hands frequently with soap and water for at least 20 seconds.
- Cover your nose and mouth when coughing and sneezing (cough/sneeze into your sleeve or a tissue).
- Please keep sick children at home.
- Avoid close contact with anyone with cold or flu-like symptoms.

If you desire additional information about the coronavirus, please visit these links. [National Center for Disease Control](#) (CDC), [Kansas Department of Health and Environment](#) (KDHE), [Sedgwick County Health Department](#) (SCHD)

Again, the District understands the impact a school closure will have on the social and emotional well-being of our students, staff, and families. **You can expect the next district-wide update from Goddard USD 265 on Friday, March 27th, 2020.** Thank you for your continued support.
