

Asbestos update

An Asbestos Management Plan was approved and adopted by USD 265 in October 1988. All friable asbestos-containing material was removed from USD 265 buildings in the summer of 1988. Training and information updates are completed for maintenance staff members as required by law. A complete copy of the ~~Inspection~~ Management Plan is on file in the office of each school building principal and at the USD 265 Administration Center. The USD 265 Asbestos Program Manager is the Director of Maintenance. Inquiries regarding the Asbestos Management Plan may be directed to 794-4179.
