St. Louis Leadership Academy

*Become a Change Agent, Develop Leadership Skills & Grow Your Impact as a Leader*

This academy is for educational leaders who are passionate about improving their instructional leadership skills. Aligned with Missouri Leadership Development System Competencies, the 37th annual Leadership Academy emphasizes the importance of building capacity of instructional practices correlated to high academic achievement for students. Leadership Academy's year-long experience develops effective leaders who: demonstrate their roles as lead learners, develop and cultivate positive productive professional relationships, develop skills to effectively develop teachers and create and sustain a culture of continuous improvement.
