Standardized Testing Policy

Voyage Academy will administer all state mandated tests. Educators will take all reasonable steps to assure that standardized tests reflect the ability, knowledge, aptitude, or basic skill of each individual student taking standardized tests.

At least once a year Voyage Academy will provide professional development for all teachers and any other standardized test administrators concerning guidelines and procedures for test administration, including teacher responsibility for test security and proper professional practices. USOE Testing Ethics Policy will be used in providing this training.

Each and every test administrator/proctor shall individually sign a Testing Ethics signature page provided by the USOE.

All teachers and test administrators shall conduct test preparation, test administration, provide test results, and return of all protected test materials in strict accordance with the procedures and guidelines specified during the professional development training provided by Voyage Academy administration.
