"Where Students Come First"

Dear Parent/Guardian(s)

We will have a harmful effect of vaping seminar, on September 25, at 9:30 AM. The reason for this seminar is the growing concerns of medical problems caused by vaping. We want to make sure our students are well informed of all the effects, to hopefully detour them from vaping.

However, the seminar will have some graphic pictures of the effects of vaping on the body. We want to give you the options of not allowing your student to participate or allowing your student to participate in this seminar. Please check one of the boxes below to acknowledge the option you want for your student and sign on the signature line.

- I give permission for my student to take part in the vaping seminar and I fully understand that there may be graphic material.
- I do not give my permission for my student to take part in the vaping seminar.
