

Needville High School

AP MicroEconomics Summer Assignment

DUE ON THE FIRST DAY OF SCHOOL (8/28/2017 @8:00a.m.)!

Dear Student,

Welcome to AP Economics! The course that you have chosen may be one of the most challenging, yet rewarding courses that you have taken so far in your school career. To assist you in getting started on the "right foot", all students taking AP Economics will need to complete a summer assignment. **Your assignment is due the first day of school by 8:00 a.m.!!!** No exceptions. Students who fail to complete the assignment will be removed from the class. During the first week of class, **students will take an exam that covers the material from the summer assignment.** All assignments (including the test during the first week of school) will be counted as grades during your first six-weeks. Your assignment is as follows:

Summer Reading: Students will need to read chapter one from the Economics: Principles, Problems and Policies (12th edition) textbook by McConnell, Brue, and Flynn. It is also highly recommended that you read the chapter one appendix titled *Graphs and their Meanings* (this is located after the Chapter 1 summary/ending). This appendix has useful information regarding basic algebra skills and graphing used during economics. Some of the questions in your assignment are based on the algebra/graphing discussed in the appendix. To access the textbook, you will need to create an account online. Use the following web address and registration code to gain access to the textbook and assignments. Should you encounter any problems, please email Mrs. Cordova at cordovah@needvilleisd.com. You can also stop by Mrs. Cordova's room A104 before the end of the school year to get assistance in setting up your account.

Registration Code: JEHK-N8XB-89G1-KMQ5-MMCO

Summer Assignments (Daily Grades): After reading chapter one and the appendix from the textbook, students will need to complete the two assignments available in the online classroom. The assignments are titled: *Chapter 1 Multiple Choice Questions* and *Chapter 1 Algebra/Graphing Problems*. Both assignments are online assignments that are due by 8:00 a.m. on August 28, 2017 (the program will not allow late submissions).

Should you encounter any problems or have any questions, you can contact me by email at cordovah@needvilleisd.com. Please know that I will not check my email daily (usually at least once a week, except for the when I am on vacation) but will return your e-mails as soon as I can. Have a wonderful summer!!!

Sincerely,

Heather Cordova

STEP 7:

Finally, return to the course home page and complete the 2 assignments. Remember, these are completed online. There is no time limit; however, you are only given 1 chance to answer the questions. Also, the assignment does not allow you the opportunity to reference the textbook once you are working on the questions. Please be sure to submit your assignments by the 8:00 a.m. due date on the first day of school – August 28, 2017.
