

## Summer 2017

Each student will need to come to the High School and obtain a copy of the required summer reading material.

Write an informative essay identifying the largest city of each continent (by population).

Answer the following questions using the knowledge that you learned from the readings.

1. What geographical features influenced the location of these cities? Be sure to describe **how** they influenced them as well.
2. What type of economic activities has led to the growth of each of these cities?
3. Finally, what is the most populous ethnic group in these cities and which ethnic group is growing at the fastest rate in these cities and why?

There is no minimum page number assigned to this paper, however, in order to fully answer these questions with a moderate explanation of your answers you should easily surpass 3 pages. Each paper will be typed in Calibri font, size 12 and double spaced. This paper should be written in MLA format. Plagiarism will not be tolerated, cite your sources. This paper is due on the first day of class and will have a major impact on your grade. Failure to complete and turn in the assigned summer work will result in removal from the class. If you have any questions feel free to email me [perryj@needvilleisd.com](mailto:perryj@needvilleisd.com). I look forward to having you in class this year, have a great summer and enjoy your time off.
