January 2022

On behalf of the Wilton Public Schools Administration, I submit to the Board of Education the proposed operating budget for Fiscal Year 2023. When the current school year launched, the Board of Education articulated nine goals:

1. Ensure a healthy and Safe school environment for all students and staff during continuing impacts of COVID.
2. While keeping health and safety as a top priority, return to as normal school conditions as possible.
3. Focus on unfinished learning from last year.
4. Support the social and emotional needs of students.
5. Focus on high academic attainment for all students.
6. Support initiatives to achieve *Portrait of the Graduate* goals.
7. Determine appropriate purposes, parameters, and best practices at each school level for addressing diversity, equity and inclusion.
8. Recommend a 2022-2023 BOE budget to the Board of Finance that adequately addresses district priorities and is fiscally responsible to the taxpayer.
9. Continue to improve Board of Education governance.

Mid-way through this current year, I am pleased to report that we are making headway on all fronts. With the exception of this last month when we have been managing a significant spike in new Covid cases resulting from the Omicron wave, for many

this year has felt much more normal. We have engaged in in-person learning from the start, returned to instructional practices that we know work best for children like utilizing small groups, provided a broad range of in-person extracurricular activities and welcomed spectators back to many events.

Through the operating budget and the strategic use of federal grants we've prioritized investments in academic intervention and social-emotional support. We have also made headway with efforts promoting diversity, equity and inclusion as well as the district's *Portrait of a Graduate*.

Looking forward, the budget proposal contained herein recommends funding to support the existing initiatives of addressing unfinished learning, promoting high academic attainment for all students, developing the *Portrait of the Graduate*, and supporting the social and emotional needs of students.

Importantly, this budget seeks to balance the needs and priorities of the school district against the current fiscal climate and a desire to limit the impact to the mill rate. Accordingly, this budget proposal represents many choices. Even with a recognition that there were worthy proposals that were not included, this budget proposal addresses our goals and funds a world-class public education system.

Sincerely,

Kevin J. Smith, Ph.D.
Superintendent of Schools

Miller-Driscoll Program Overview 2021-22

Academic Achievement Overview

Miller-Driscoll Assessments - NWEA MAP for the Primary Grades Fall 2021 Results

Reading

Grade 1 - 57% - High Average (23%) or High (34%)

Grade 2 - 73% - High Average (30%) or High (43%)

Mathematics

Grade 1 - 59% - High Average (29%) or High (30%)

Grade 2 - 67% - High Average (30%) or High (37%)

For comparison - NWEA MAP for the Primary Grades Fall 2020 Results

Reading

Grade 1 - 75% - High Average (27%) or High (48%)

Grade 2 - 70% - High Average (27%) or High (43%)

Mathematics

Grade 1 - 69% - High Average (30%) or High (39%)

Grade 2 - 67% - High Average (28%) or High (39%)

Program Review

At Miller-Driscoll we continue our mission to foster a love of learning and an appreciation for others in an early learning environment that includes preschool through grade two. We are devoted to optimizing student learning and a sense of personal identity for each of our students. This year, we continue to develop and implement learning models in response to the global pandemic. All classrooms utilize mitigation strategies to minimize the impact of COVID to the greatest extent possible.

Throughout the year, teachers work in Instructional Effectiveness Teams (IETs) to analyze student work, create effective and exciting learning opportunities, and cultivate a growth mindset. Teams use our two revised theories of action to guide their work:

Staff will connect with students and collaborate with colleagues to engage students in grade level work using an acceleration framework with a focus on responsive lesson planning and developing student self-efficacy to increase growth and achievement for all.

All faculty, students and **families** will engage as partners in a positive, playful, and inclusive environment, where we will grow and sustain “equitable and welcoming learning communities in which all students feel valued, respected and safe to learn and grow” (Joint Statement from CSDE).

In addition, these teams focus on SRBI (Scientific Research Based Intervention) to provide systematic early intervention for students in their identified areas of need. Teachers work with Humanities and Math/Science Coaches to further refine their analysis of student work, responsive lesson planning and instructional strategies. Support is provided via Student Centered Coaching cycles.

Miller-Driscoll continues to partner with Teachers College Reading and Writing Project. Their mission is to help young people become avid and skilled readers, writers, and inquirers. Our on-site staff developer works in classrooms with students, teachers, and school leaders on best practices in the areas of reading and writing. In addition, our teachers have the opportunity to participate in professional learning workshops from Teachers College via Calendar Days that are accessed remotely this school year.

Teachers integrate technology to enhance the representation of information and learning as well as increase student engagement. Preschool and kindergarten teachers utilize iPads in their classrooms while grade one and two teachers have one-to-one chromebooks for their students this year. In addition they are also learning a cadre of tech tools to facilitate learning and students' ability to access information, instruction, and practice their skills. In classrooms, digital technology is being used to increase engagement and accessibility of information. It is also being used to provide choice for students when representing their learning.

Teachers continue to use the RULER approach and its associated tools which are now more important than ever. Fortunately, our staff is fully trained and seamlessly introduced the first two RULER tools (charter and mood meter) to our students. The charter helps to build a positive emotional climate by forming agreed-upon norms for how students want to feel and how they can help each other experience these feelings. The mood meter helps students to both recognize and understand their feelings. It promotes both self-awareness and self-regulation. The next level of work this year is to teach the final two RULER tools: meta-moment and blueprint. The meta-moment is a “tool for building the space between stimulus and response-from when we experience an emotion to how we respond to that emotion, so that we make better choices when we express and manage our emotions”. The blueprint “is a set of questions used to learn from and resolve conflict with empathy as well as restore relationships and communities.”

In an effort to enhance our Family-School partnerships, our classroom teachers solicited parent input via a Parent Engagement Survey. The results were reviewed and analyzed at a faculty meeting. Classroom teachers then created an action plan that included opportunities for parent engagement, curriculum connections and expansion of our equity and inclusion work. Examples for some of the ideas they generated include the sharing of winter traditions by creating a google slide to share with the class, parents recording hello in different languages to be shared at morning meetings, and even recipe books that honor family celebrations.

Our PTA is a strong partner in the work we do here at Miller-Driscoll. The support from our two new Miller-Driscoll PTA Presidents along with their executive board is priceless. This year, our parent committee chairs and volunteers have found new and creative ways to support activities both in and out of school. Picture day, the Book Fair and even fundraisers have all been put back into place. PTA meetings are also being held both in-person and virtually via Zoom which has increased the number of participants! Our collaboration between teachers, students, and parents is remarkable!

Miller-Driscoll School

Points of Pride 2021

- Our school is filled with 822 amazing students in grades PreK-2.
- Our Faculty, who is equally amazing, continues to enhance learning by fostering a love of learning while teaching to the grade level standards.
- Our Leadership Team work for the year has focused on utilizing data to plan responsively in all academic areas while we continue to implement mitigation strategies due to COVID.
- Our Preschool includes five integrated classes and works to incorporate instruction based on the Early Learning and Development Standards (ELDS).
- We love our renovated building and continue to use flexible seating both within classrooms and in our core spaces. These options give students choice when making decisions on how best to complete their work.
- We continue our work with RULER tools with our students. Classrooms have already created their class charters and use the Mood Meter. Work for this year will focus on introducing the Blueprint and the Meta-Moment to students.
- Play continues to be an important part of our day. At our professional development day at the beginning of November, teachers worked to identify ways in which they could make their instruction more playful within our current curriculum units. In addition, we continue to have our dedicated 30 minutes of classroom recess with the classroom teacher. Having the classroom teacher with students during recess gives them an opportunity to observe and then support students' social skills and development both in and out of the classroom.
- Our work in the area of Equity and Inclusion continues this year. Our first areas of focus were Indigenous Peoples Day and Native American Heritage Month. This winter, we are using results from our Parent Engagement Survey to identify traditions and celebrations we can honor within our classrooms. Teachers are working with parents to gather information that can be shared with our students.
- All K-2 teachers utilize the workshop model of teaching for reading and writing and we continue to collaborate with Teachers College as a Reading and Writing Project School. This year teachers are using the Teachers College Phonics Units as well as the Heggerty Curriculum to support phonemic awareness and phonics.
- In the area of math, resources including: iReady, Brainiac and Nearpod, just to name a few, have been integrated into our math instruction. In addition, our Leadership Team will be learning more about the Illustrative Math Program with the possibility of piloting a unit this spring in chosen grades.
- All K-2 teachers continue to utilize a common lesson structure for delivering math that is based on the Singapore math philosophy.

- Mindset for Learning remains alive and well at Miller-Driscoll. The Mindset Traits are implemented into lessons in all classrooms PreK-Grade 2. Students, teachers, and parents are using terms such as empathy, flexibility, persistence, resilience, and optimism in conversations and instruction. School-wide assemblies are still on hold this year, but teachers continue to teach and reinforce these traits in the classroom.
- Instructional Coaches for Humanities have been busy completing coaching cycles in the areas of phonics and phonemic awareness for all K-2 teachers this first trimester. Humanities Coaches also continue to provide support to classroom teachers in the areas of readers workshop, writers workshop, and word study with a particular focus on the teachers who are new to Miller-Driscoll. In addition, Humanities Coaches support the organization and the application of professional development from our TC Staff Developer.
- Our STEAM coach provides coaching in the areas of science and math with a focus on the teachers who are new to Miller-Driscoll this year.
- Our part-time teacher specializing in science delivers specialized science lessons to each class using an inquiry based approach in our well-equipped STEAM Lab!
- Grade levels meet in Instructional Effectiveness Teams twice per week for 45 minutes. Kindergarten and Grade One are divided into three groups this year based on the growing number of sections. IETs work to review data, plan instruction based on classroom data, create instructional materials, and participate in coaching cycle professional development/support. They utilize information from their data workbooks and classroom formative assessments to plan responsively. In addition, these same teams meet to implement the SRBI (Scientific Research Based Intervention) process.
- Formal and informal interventionists deliver targeted instruction to meet the diverse needs of identified students. In addition, reading interventionists are supporting the work done in the area of phonological awareness via the Heggerty Curriculum.
- From September to December of this year, three additional informal interventionists provided support to students in grade one and two via our Tier 1+ program. Student data is reviewed every three weeks during SRBI meetings to identify students in need. The SRBI teams collaborate to determine the appropriate level of intervention based on student need.
- Our mental health team joins grade level IET's each month to collaborate on strategies for supporting mental health, social emotional needs and behavior with the classroom teachers. Members of the mental health team meet individually with teachers to develop intervention plans for those students who require more formal support.
- Our special education teacher team has reorganized into teaching partnerships to meet the needs of the students on their caseloads. Two special education teachers work with related service providers and a cadre of special education paraprofessionals to provide modifications, accommodations, services and supports to the students on their caseloads. In addition, their collaboration with the general education teachers contributes to even greater success for students.
- Our motor team (PT/OT) has found ways to physically support students while remaining safe and keeping within COVID protocols

- Our dedicated cadre of Paraprofessionals support students in classrooms in the areas of academics, behavior and independence.
- Students learn the “Three R’s.” We are particularly proud of our third R - “Ready to learn **and play together.**” These expectations for behavior are used throughout the school and are consistent as students move to Cider Mill
- iPads and Chromebooks have been deployed for use in our classrooms. Our Technology Instructional Leader and Library Learning Commons teachers deliver powerful professional learning workshops to teachers who are using these digital tools for instruction. These digital tools provide access for all students and are being integrated into the new curriculum units. This year’s professional development focuses on flexible and responsive teaching via student choice utilizing apps such as Book Creator, FlipGrid and Padlet - just to name a few!
- Special area teachers deliver instruction that includes PreK-Second Grade students.
- We know our staff is filled with amazing experts and have so much to share. In an effort to capitalize on these great resources, our teachers have begun their peer observations. Teachers and other certified staff members are observing each other in particular areas of interest.
- Our Clubs are back! After a year-long hiatus, our Post Office Club and Free Play Club have returned! MDTV continues as well with more time onsite in our TV Studio!
- The Parent Engagement Survey was completed to gather feedback from this very important stakeholder group. This survey compiled information on languages spoken in the home, special talents parents have, as well as celebrations and traditions our families value. Teachers then used the information to create an action plan.
- Our PTA is dedicated to supporting our school in a variety of ways. This year, our two new PTA Presidents have worked to schedule social events for both students and parents to enhance our school community. Monthly PTA meetings are hybrid which gives parents flexibility in participation. PTA Committees have worked diligently to provide opportunities for things like picture day, a pumpkin patch for preschool, playground meet ups, the Book Fair, and fundraising opportunities. They continue to support our teacher and staff via start-up grants, funding for field trips, PTA grants, and food during our professional development days. Their creativity and energy is endless and we couldn’t do this without them!
- Our Green Team continues their work with Warriors Won’t Waste! Signs that assist students with recycling are displayed in the classrooms and we continue to recycle our lunch waste even while eating lunch in our classrooms!

2022-23 Cider Mill School Program Overview

ACADEMIC and SCHOOL CULTURE ACHIEVEMENT OVERVIEW

1. SBAC & MAP ELA/Math:

- 80% of students in grades 3-5 will score at/above Level 3 on the Spring 2022 SBAC for math and reading
- 80% of students in grades 3-5 will score at/above the 60th percentile on the EOY MAP for math and reading

2. Panorama Survey: SEL “Back to School & Wellness” Student Survey (New Baseline Data: February, 2021)

-Current Goals: Connectedness & Emotional Regulation

PROGRAM OVERVIEW

Our mission statement: Cider Mill School is a *Community of Learners*, ALL committed to being the best we can be.

School Motto: *Bee Here. Bee You. Beelong.*

Our commitment is to both the academic success and social-emotional well-being of every student in Cider Mill School.

Learners are respected for who they are and where they are on their learning continuums. We seek to grow innovative, collaborative and creative critical thinkers who are empathetic, compassionate and aware of the world around them. The adults in our building work in professional learning communities where teachers work collaboratively to ensure all students get what they need and meet their highest

potential. During Instructional Effectiveness Team (IET) meetings, teachers and support staff work to engage in responsive lesson planning where teams collectively analyze student work and intentionally plan instruction for students. Every adult and child in our community seeks to uphold the Three “Rs” - Respect, Responsibility and Readiness to Learn- each and every day.

THEORY OF ACTION:

Theory of Action: IF Cider Mill School uses the Accelerated Learning Framework- with an emphasis on responsive lesson planning, THEN all students will attain (or exceed) grade-level standards.

SOCIAL-EMOTIONAL LEARNING AND SCHOOL CULTURE

Cider Mill continues to prioritize staff and students’ social and emotional well-being through the continuous improvement of our school climate. Our students’ daily schedule ensures participation in a community meeting to build compassion and connections within the classroom. We continue to explore components of the RULER social-emotional learning framework and each classroom has created a meaningful classroom Charter. The Mood Meter is used on a frequent basis to monitor staff and students’ emotional health. Our student leadership team, formerly Helping Hands, problem-solve and design projects to address issues that negatively impact our school climate. Our learners have a 30-minute, extended recess to support the physical movement needs of our students. Every Monday, our school comes together as a community to recite the Cider Mill Pledge to bring to life the 3 “Rs” on our positive behavior matrix (Respect, Responsibility, and Readiness to Learn). The guidance staff works in every classroom to integrate “mindfulness” experiences to address topics such as body awareness, breathing and relaxation, compassion, and sensory awareness. Our school culture and climate goals continue to center around increasing students’ sense of belonging and connectedness within the school and community.

CURRICULUM, INSTRUCTION, ASSESSMENT AND PROFESSIONAL LEARNING

The curriculum at Cider Mill School is aligned to national and state standards and we participate in the District’s ongoing curriculum review process where we continually align our units of study with both state and national standards. This year, the umbrella for all professional learning has been the Accelerated Learning Framework as we collectively respond to unfinished learning due to the Pandemic. We continue to align reading and writing units of study with *Teachers’ College Reading & Writing Project*. In the area of math, teachers will prioritize the analysis of data, targeting learning loss and the implementation of Math Exemplars to increase rigorous problem-solving. We strive to create individualized, student-centered and engaging learning experiences for our students through varied explicit and implicit instructional approaches using a variety of technology platforms and tools. These include whole group instruction with teaching points (e.g. mini-lessons), small group strategy instruction, conferring, inquiry-based math anchor tasks and science labs, and discourse through partnerships, small groups, and large group configurations. In our math classes, students learn about persistence and perseverance, as well as how to solve problems through reasoning and mathematical modeling. In humanities, our students read across multiple genres, form theories within and across multiple texts and write for social action and authentic audiences.

Cider Mill School continues to prioritize job-embedded learning where our science/math and humanities coaches work to build teacher effectiveness when they meet with grade-level IETs and provide in-class coaching cycles. All of our coaches have prioritized the support of teachers' implementation of learning progressions and targets. They also continue to provide differentiated response time to teams or teachers as needed. The administrative team, curriculum coordinators and building-based coaches work collaboratively to prioritize and focus professional learning for our school. Teachers are engaged in studying learning progressions in the area of reading, writing and math to support personalized instruction. At Cider Mill School, we celebrate coaching and collaboration as the most effective form of professional learning.

Our school relies on a balanced assessment system that includes formative and summative measures to monitor student learning progress and to help focus instruction and intervention. Some measures include the Smarter Balanced Assessment, the reading and math NWEA MAP assessments, writing learning progressions, Teachers' College Running Records, the Developmental Spelling Inventory, unit performance assessments to focus instruction and determine the need for intervention or enrichment. To focus on early literacy reading skills, we included the DIBELS and Heggerty Phonemic Awareness assessments to enhance our diagnostic abilities in this area. Throughout this unique learning model, our highly competent student support staff (e.g. reading interventionists, special educators, speech and language pathologists, guidance staff) implement a continuum of services and multiple strategies to individualize instruction and support all learners. All learners receive instruction by highly trained and certified staff members through a range of push-in instruction, resource room and intervention blocks. This year, we have included additional Accelerated Learning blocks to support unfinished learning.

Cider Mill School Points of Pride 2021-22

School Climate

- Continued focus on social-emotional well being: maintained an assured 15-minute community meeting time to prioritize student belonging and connectedness and a 30-minute recess.
- Continuation of School wide 3 R's lessons -Respect, Responsibility and Readiness to Learn; every Monday, our students recite the Cider Mill School Pledge which incorporates the language of the 3 R's.
- The School Counselors teach developmental guidance lessons in each classroom to facilitate mindfulness and proactive life skills.
- Students have been invited to lunch at least once this year with their School Counselor to help build connections.
- Celebration of diversity, equity and inclusion with a focus on "Window & Mirror" read aloud with a PTA grant for many beautiful picture books.
- Increased opportunities for team-building and community building among staff members (e.g. wellness Friday IETs, staff t-shirts and journals, Bubble & Brew).
- We continue to implement RULER and rely on the various tools (e.g. Mood Meter, Charters, Best Self, Meta-Moment) to support the emotional well-being of both students and staff.
- The Cider Mill Giving Tree:
 - School House donations and collections for the Wilton Social Services.
 - In conjunction with our Holiday Basket Drive, the Jim Cook Turkey Trot helped to raise money for families in need
- Family Newsletter: *What's the Buzz at Cider Mill*, Twitter: @WPSCMSOCIAL
- Veteran's Day School-wide celebration
- Cider Mill Students and staff celebrate school spirit days the first Friday of every month.

Staff Collaboration

- Implementation of the Accelerated Learning model- grade-level teams, interventionists and other support staff work together to conduct responsive lesson planning during IETs.
- Staff work collaboratively during whole-school grade level teams at program meetings.
- Veterans Day: the music department and our general education classrooms collaborated to honor our veterans. Fifth grade chorus, advanced strings and our band ensemble dedicated patriotic music to our visiting veterans in honor of their service.
- Music staff are facilitating a sing-along for the winter season.
- Virtual school art show highlighting the talents, interests, and hard work from all students throughout the year.

Professional Learning to Support Curriculum & Instruction

- Teachers continue to engage in professional learning around digital learning
- Professional learning to enhance the instructional core in the following areas
 - Ongoing professional learning with Teachers' College Reading & Writing Project
 - Math Exemplars, iReady, MAP Accelerator
 - Targeted instruction (3rd grade) for phonemic awareness, syllable types and phonic instruction (Accelerated Learning)
- On-going work to support our Social Emotional Learning:
 - RULER, Logical Consequences, Restorative Practices/Circles, Purposeful Play, Mindfulness, Community Meeting and extra-movement breaks
- School-wide professional learning to support diversity, equity and inclusion

Department Request

These funds go toward funding all supplies for the Enrichment Clubs that we run after school. At times, we also have materials required to support special projects that run during the WIN block.

MIDDLEBROOK SCHOOL

Program Overview

Program Overview

Our mission statement, “*Middlebrook School, a safe and nurturing environment, provides our community of learners with the foundation necessary to contribute to a rapidly changing world,*” captures the core of what we do at Middlebrook. We are invested in helping our students develop deep and flexible skill sets that empower them to tackle any challenge they encounter within or beyond the classroom. We are strongly committed not only to ensuring that all learners make strong academic growth, but also to increasing student independence while ensuring that the social and emotional needs of each child are also met. Leveraging these strengths, our students are ready to practice active citizenship and engage with their larger communities.

Students engage in six core academic classes each day:

- Math
- Reading Workshop
- Writing Workshop
- Science
- Social Studies
- World Language

Academic Achievement Overview

8th Grade SBAC Data 2021 At/Above Goal

ELA: 78% Math: 71%

8th Grade NGSS Data 2021 At/Above Goal

NGSS: 81%

Students also benefit from a robust exploratory program that includes art, physical education, music, family and consumer science, health, digital citizenship, and I-STEM. School counselors implement a developmental guidance

program where they deliver instruction on self-awareness, healthy decision making, conflict resolution, goal setting, and career exploration.

We strive to be innovative in all curricular areas. We have completed the shift to a Reading and Writing Workshop program. There is an emphasis on matching readers to books of high interest at their individual levels, on reading widely and deeply, and on writing frequently in different genres for authentic audiences. We are in the midst of revamping our courses and course sequence for mathematics in order to provide student-centered, constructivist learning tasks that require students to think deeply and flexibly as they learn. This approach supports transfer of learning and provides a necessary foundation for high school and beyond.

Our special education programs encompass a broad continuum of services to allow the appropriate level of support in the least restrictive environment. Our special educators are able to develop and support areas of specialty and deeper skills. In some cases a focus on math or reading, and in others an opportunity to build a community of learners which, among other work, have a significant focus on social emotional skills and self-regulation including work in Dialectical Behavioral Therapy. Collaborative teaching continues to allow special education and general education teachers to work together to deliver grade-level content to a diverse group of students. This array of models and approaches delivered by skilled, experienced teachers ensures that learners on individualized plans are well supported and appropriately challenged.

Students who receive intervention for reading and/or math do so without any reduction in tier one instruction in ELA or math. This means that the intervention is an additional support above and beyond robust core instruction. Students are identified as possible candidates for intervention based on universal screeners such as the PSAT in grade 8 and the MAP which historically is implemented three times a year in grades 6 and 7. That information is then triangulated with classroom performance data and teacher recommendation. All intervention sessions focus on gaps identified in foundational skills.

Benefitting from Wilton's "ready access", each Middlebrook student has a Chromebook available throughout the school day as well as outside of school hours. Students and staff make powerful and nuanced use of the Google environment. The platform allows teachers to give students personalized, timely feedback, and it is very supportive of students in terms of the organizational skills required for middle school.

Student empowerment and ownership are at the forefront of many school initiatives. Our student leadership team helps drive planning for initiatives around school climate work. Every school year, students present ideas for Visionary Art Projects. Guided by their talented art teachers, students conceptualize, create, and refine these large pieces. Once completed, the student artwork becomes permanent installations that grace the walls and hang from the ceilings in

our building. There were nine visionary projects for the 2019 - 2020 school year. Our dedicated artists completed their projects while in lockdown with help given to them remotely by their teachers. We appreciate the efforts of the artists who have helped beautify our building with their legacies and, in doing so, have permanently established Middlebrook as a creative student learning center. In addition to fine arts contributions, Middlebrook students are engaged in various service initiatives. Students actively participate in fundraisers, toy drives, book drives, supply drives, and acts of kindness campaigns. Middlebrook students also serve as representatives on community committees including Youth to Youth (Y2Y), Peer Connections, and the Wilton Youth Council. These opportunities allow students to participate meaningfully in efforts that emphasize the importance of service.

We are proud to offer approximately 26 co-curricular and intramural activities before and after school. Students can participate in a variety of clubs and other enrichment opportunities, including Science Olympiad, the Science and Engineering Fair, MathCounts, Debate Club, Desperados, Literary Magazine, Student Government, RAMS, Open Art Studio, the PTA Reflections Contest, Upstanders, Audio Visual Enrichment and a number of music clubs. In addition, students are able to engage in intramurals like basketball, tennis, and running. We also offer an annual talent show that welcomes students to showcase their skills for the school and parent community. This year's remote talent show was a joint student effort led by our incredible music teacher, Janet Nobles. Our diverse offerings provide students with the opportunity to explore interests in a safe, supportive environment.

While we foster an atmosphere of collaboration, there are a number of opportunities for students to compete throughout the year. Middlebrook students compete and are regularly awarded honors in the Scholastic Art Competition, Geography Bee, Debate Competitions, Science Olympiad, Science and Engineering Fair, Laws of Life Essay Contest, PTA Reflections Contest, Math Counts, and Music in the Parks Adjudication. Our students consistently perform well in these annual competitions, often earning the privilege to represent Middlebrook School at the state and national level.

While managing issues surrounding COVID still persist in 2021, Middlebrook teachers and staff continue to create welcoming and inviting learning environments for our students. Making sure students are safe by ensuring their social-emotional well-being, then challenging them to be their best is the work of heroes. While interactive academic opportunities and typical school events (field trips, concerts, large group gatherings, regular lunch periods) cannot occur as usual, teachers and staff still create a school environment that invites learning and fellowship. We have asked so much of our staff and students to adjust to an entirely new way of teaching and learning, and they have responded with incredible resilience and energy.

STUDENT ACHIEVEMENTS

- Middlebrook School is a National Blue Ribbon School and a US Department of Education Green Ribbon School
- 8th Grade SBA Data 2021 At/Above Goal, ELA: 78%
- 8th Grade NGSS Science Test: 81%
- 8th Grade SBA Data 2021 At/Above Goal, Math: 71%
- Last year the Debate Club participated in 4 virtual tournaments and the virtual champions tournament in May having the highest ranked public school team.
- The Debate Club currently has 72 active members, 14 WHS assistants and 24 teams that are ready to participate in the 4 virtual tournaments and hopefully another champions tournament.
- We are happy to announce our results from the first Debate Club competition this school year. 277 middle school debaters from 19 schools combined into 96 teams to debate the motion: This House would boycott the 2022 Beijing Winter Olympics. Here are the speaker standings and team results!

Speaker Standings - out of 117 students, MB placed 1st (highest-scoring speaker of the day), 4th, 5th, 6th, 7th, 8th, 9th and 10th.

Team Results (out of 41 experienced teams, MB placed 2nd (*This group of girls qualified and competed in the final round in front of 300 people*), 6th, 7th, 8th, 10th, and 11th.

One team in our novice group (first-time debaters) qualified to compete with the experienced group in the next competition.

Because of these results, 6 of our teams qualified for the championship debate tournament in May! We are very proud of all our debaters!

- Geography Bee - All 6, 7, and 8th grade students participated; 9 were named finalists; 1 student qualified for state competition
- American Math Contest – 202 MB students sat for the test and two grade 8 students tied for the highest score
- CT Science Fair 2021 – cancelled due to pandemic; on track for 2022
- CABA (CT Association of Boards of Education) Scholar Leaders - two 8th grade students honored in a special ceremony

- CAS (CT Association of Schools) Scholar Leaders - two 8th grade students honored honored in a special ceremony
- The James B. Whipple American Legion Post 86 Student Awards - two 8th grade students honored honored in a special ceremony
- Science Olympiad was cancelled due to pandemic
- The Annual Middlebrook International Top Chef competition was cancelled due to the pandemic
- The PTA Reflections Program was cancelled due to pandemic
- Grade 8 students were unable to participate in the annual Music in the Parks music adjudication trip due to the pandemic
- The Western Region Middle School Music Festival was cancelled due to the pandemic
- Annual Play With the Band Concert, Westport Community Band was cancelled due to the pandemic
- Annual Career Awareness Day was cancelled due to the pandemic
- Middlebrook Singers and Flute Choir annual holiday visit to Ogden House and Sunrise Senior Living was cancelled due to the pandemic
- The Scholastic Arts competition was cancelled due to the pandemic
- In the past, over 100 Middlebrook art students were selected to participate in the International Art Exchange Show with Russia, Latvia, and Nigeria; unfortunately, due to the pandemic, the show was cancelled
- Large scale Visionary Projects were not completed by grade 8 students due to the Pandemic.
- Youth to Youth Award and Conference Scholarship – award shared by three 8th grade students at the virtual award assembly
- Where Everybody Belongs (WEB) – grade 8 students trained by 5-WEB trained staff for two days this past August
- Where Everybody Belongs (WEB) – all grade 6 students virtually participated with grade 8 WEB leaders for one day in August
- Coffee Collaborative - off to a fantastic start!
- Fall Running Club - a great experience in inclusion; the kids all see each other as equals and get to share in leadership

TECHNOLOGY

- Students and staff stepped up to the challenge of virtual learning
- Parents surveyed in April and October seeking their perspective on virtual learning and learning models
- Students and staff continue to leverage the devices to enrich educational opportunities, create choice in their learning, and facilitate differentiation in the classroom
- Students have ready access to 1:1 Chromebooks. This resource was a lifesaver as instruction abruptly transitioned to remote learning in March 2020. Teachers found new ways to create content, access digital resources, collaborate with peers and receive feedback from students and other teachers.
- Staff continues to think critically about possible digital resources that can enrich educational opportunities for students
- LLC sponsored virtual book sales in December and May

STUDENT FUNDRAISERS/DRIVES

- Teen Read Week included daily quotes about reading shared each morning
- MB Student Government collected food and supplies to stock the shelves of Homes for the Brave and Female Soldiers/Forgotten Heroes, transitional facilities for homeless veterans; collaboration with local organizers of SewaDiwali allowed us to double our donation in 2021
- MB Student Government collected toys and money to support the Toys for Tots campaign; historically, we donate more toys than any other organization in Wilton
- MB Student Government sponsored participation in the State of CT Pajama Day initiative, donating over \$1,000 to CT Children's Hospital
- Super Bowl candy drive raises funds to support various school initiatives, including support for DCF, Wilton Food Pantry, etc.
- Collaboration with PTA to host Kahoot! Fun Night and Pizza Party for students in grades 6-8
- Support Center/DBT students volunteered and created 40 bagged lunches for *Loaves and Fishes* every other month throughout the year
- The Support Center and DBT students' fundraiser collected \$6,000 which was used to purchase holiday gift cards for DCF families to use this holiday season and throughout the year
- Support Center and DBT students ran a candy drive and collected candy to create goodie bags for Loaves and Fishes
- Support Center and DBT students sent 4 soldier holiday boxes to serving military overseas
- Youth to Youth organized 2 ski trips for families and staff at Mount Southington. Over 60 families and staff members attended both trips for a healthy weekend event. Friday night trips in January are scheduled for 2022
- Student Council members were unable to visit local senior centers in December with the flute choir and MB Singers due to the pandemic
- Project Adventure - students in grades 6,7, and 8 participate in this team-building program using state-of-the-art climbing facility
- Intramural/Co-Curricular Programs - Students have the opportunity to participate in 25 different co-curricular activities
- A grade 8 team's annual gently used coat and blanket collection for the Bridgeport Rescue Mission Shelter returned this Thanksgiving season

STAFF ACHIEVEMENTS

- Our Culinary Arts teacher continued to lead the Zero Waste Initiative at Middlebrook School last year; her efforts resulted in Wilton being designated a Green Ribbon School in 2020; an enthusiastic teacher continues to lead the initiative this year
- The art of teaching in a COVID world is so extremely different than the job staff were trained to do. The incredible efforts of teachers have been magnificent as they teach students live in the classroom, while also teaching students remotely through zoom, while managing a new learning platform (Schoology) and technology (cameras, soundfields) along with the integration of Powerschool and Google suite. We've asked more from our teaching staff than has ever been asked. Teachers have met that challenge with incredible resilience and energy.
- Trevor Aleo, grade 8 ELA teacher, co-authored *Learning That Transfers designing Curriculum for a Changing World*. Published by Sage Publications Ltd. in 2021
- Katie Durkin was published in *Voices from the Middle*, a publication of the National Council of Teachers of English

Wilton High School

Academic Achievement Overview

- Consistently rated among the top schools in Connecticut for all standardized tests including SAT and Advanced Placement
- Ranked the 6th best high school in the state, out of 212, by the U.S. News and World Report's 2021 Best High Schools rankings
- 47 students from the classes of 2021 and 2022 were named AP Scholars with Distinction (Granted to students who receive an average score of at least 3.5 on all AP Exams taken, **and** scores of 3 or higher on five or more of these exams)
- In 2021 there were seven National Merit Finalists and 12 Commended Scholars

Program Overview

Wilton High School's mission is to create informed, empowered and engaged citizens of the modern global community. Our vision is grounded in the belief that education should develop multi-faceted graduates who contribute intellectual, moral and civic capital to the global and local community. Our faculty strives to design and support learning experiences that further our vision. Students are immersed in opportunities to discover who they are and what they love. Along the way, they receive steady exposure to this core maxim: **engage with the surrounding world by demonstrating leadership, integrity, scholarship and empathy.** The path to such engagement is mapped in our school's 21st Century Learning Expectations: access and question evidence and beliefs with respect to important issues or problems (**inquire**); appraise the veracity and worth of that evidence (**interpret**); publish articulate conclusions and innovate solutions to problems (**communicate**); and find the will and the way to deploy solutions for the good of the community (**engage**). We encourage our students to see themselves as engineers and artisans of positive change - "to build a better world." In addition, our district developed a new "*Portrait of the Graduate*," fostering additional characteristics our students will acquire, such as respect for diversity, the environment, and a healthy life.

The foundation for the entire structure rests on our commitment to the best practices in education. Implementation of the Common Core, integration of technology into instruction, reliance on authentic data to drive instruction, and continued movement towards learner-centered, inquiry-based classrooms ensure a clear cadence and steady progress into the exciting terrain of the 21st century. Teachers are enhancing performance-based assessment practices and placing additional emphasis on student work products directed at real problems and audiences. Our learning community continues its examination of Universal Design for Learning, ("UDL"), and teachers and students are finding ways to create personalized learning pathways. SRBI and data teams are searching for new and more powerful ways to understand our students, tailor learning experiences to individual needs, and deliver quality Tier One instruction. We are continuing "Project Lead the Way," providing opportunities for students to take electives focused on science, technology, engineering and math ("STEM"). Our library has been transformed into a true learning commons, replete with maker spaces and spaces designed to facilitate student collaboration, brainstorming, and problem solving. Furthermore, by initiating the adoption of a new

learning management system, Schoology, we continue the work of creating a structure to support progressive pedagogy and distance learning (in the wake of the pandemic).

We believe academic attainment is contingent upon social and emotional wellness. If a student cannot identify and regulate emotion, develop strategies to navigate stress, or recognize that emotion and reason are not entirely separated, then intellectual growth is not fully realized. We are investing in multiple initiatives designed to develop the social and emotional components of our students. For example, we continue to explore programs like RULER (Recognize, Understand, Label, Express, Regulate), from Yale's Center for Emotional Intelligence, to help faculty members and students enhance emotional intelligence, regulate and respond to emotional stress, and harness emotion as a potential force for teaching and learning.

The foregoing belief also impels our extensive focus on positive school climate. We engaged in a major self-study to better understand how students and faculty feel about their time on campus. More voices are heard and more perspectives are valued than ever before. Through our Advisory program and our school climate team, we are finding ways to maximize the connectedness of all stakeholders. Our Advisory program provides a venue for learning experiences and conversations between students and caring adults whose role is to understand and support student needs. Our school continues to be an eclectic place where all talents are welcome. The homecoming court is just as likely to contain a jazz saxophonist or debate club member as it would a gymnast or captain of the football team. Our students pursue renaissance values; a great many simultaneously participate in sports, clubs and the arts. State championships, co-curricular awards, and critically acclaimed musicals all reside on our campus. Perhaps most importantly, kindness is considered a great virtue, and new faculty are often pleasantly surprised and delighted to hear students spontaneously thank them just for teaching a class.

Wilton High School empowers student choice. Great weight is given to student input in the course selection process, and that process includes a wide array of electives, Honors, and Advanced Placement courses. We have a strong senior internship program which allows seniors to choose and explore bridges to the post-high school world. Our school counseling department and career center help students begin the process of identifying their passions, turning them into meaningful goals, mastering the college process, and establishing successful careers. In keeping with the State's new graduation requirements, all of the foregoing will culminate in a capstone project, dealing in skills and passions students developed during their four years at WHS, serving as a springboard to future endeavors.

Thank you for your support of our community high school!

WHS Points of Pride for 2022-23 Budget

- 93% of the class of 2021 attended four year colleges and 2% attended two year colleges
- The class of 2021 contained seven National Merit Finalists and 12 Commended Scholars, and the class of 2022 had six National Merit Semifinalists
- 47 students from the classes of 2021 and 2022 were named AP Scholars with Distinction (Granted to students who receive an average score of at least 3.5 on all AP Exams taken, **and** scores of 3 or higher on five or more of these exams)
- WHS was ranked as one of the nation's top 250 STEM schools in 2021
- Wilton High School was ranked the 6th best high school in the state, out of 212, by the U.S. News and World Report's 2021 Best High Schools rankings
- WHS was ranked the 5th best public high school Connecticut by [Niche](#), with an overall grade of A+
- WHS won a 2021 College Success Award from [GreatSchools](#)
- Two WHS teachers received the University of Chicago Outstanding Educator Award
- Three students received a gold medal on the National German Exam, three students won a gold medal on the National Latin Exam, one student received the World Language Scholar Award (for studying three or more languages), and one student received an award from the German Consulate of the Federal Republic of Germany
- WHS has over 60 active co-curricular clubs, with over half of the student body participating in at least one club
- Wilton was once again cited as one of the 2021 "Best Communities for Music Education" by the NAMM Foundation
- Based on their auditions in competition with students from around the state, nine students were admitted to the 2021 CMEA All-State Festival, with one earning a perfect score
- The WHS Madrigal Singers were once again selected to perform at Radio City Music Hall to open for the Rockettes Christmas Spectacular
- A student won the Gold Key Award and was an American Visions nominee at the 2021 Scholastic National Medal Art Awards
- The girls ski team was the Class S State Champion
- The boys tennis team was the Class L Runner-up
- The girls soccer team was the CIAC Class LL State Champion
- The field hockey team was the CIAC Class L Runner-up
- The boys golf team was the FCIAC Runner-up
