COVID AND REMOTE LEARNING

Parents and Guardians, it has come to my attention that there is some confusion as to whether we are “shutting down” our campuses and going to remote learning. At this point, MWPISD is moving forward with on-campus instruction and do not have immediate plans to go remote. That being said, we will continue to keep an eye on and monitor COVID cases and how they impact our students and staff. Please know that safety is always a top priority for us as a school district and we will continue to disinfect our campuses to the best of our ability! Just so you know, we have contracted with Sanitizer Pros and they disinfect our entire district at least 2 times per month and also serve us on an as needed basis. In the interim, our faculty and staff at each campus continue to disinfect daily.

Parents, if you or someone in your immediate family has tested POSITIVE for COVID-19, PLEASE KEEP YOUR CHILDREN AT HOME DURNIG THE QUARANTINE PERIOD AND DO NOT SEND THEM TO SCHOOL! We do not need to expose our students to possible illness if it can be prevented. Thank you in advance for your cooperation and understanding.

Also, please understand that we have not completely done away with remote instruction. If your child is quarantined due to the Coronavirus, they still have the option to log on and complete their daily lessons. So, please do not think that if you quarantine your child, they will miss out on instruction or be counted absent. MWPISD is here to serve all of our students and we understand the need for remote instruction and its importance to combat COVID-19 disruptions.

Have a wonderful Thanksgiving with family and friends!

Chad Smith
