

STAY CONNECTED

2022-2023 School Year

WEBSITE

A new District website was launched over the summer. It includes a responsive mobile design, improved navigation, and easier-to-find popular links.

www.orangeschools.org

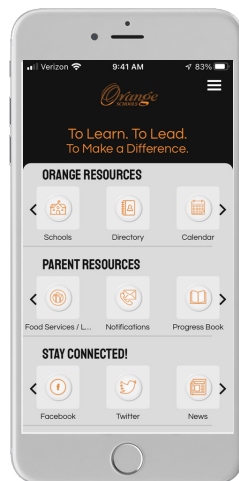

FINALFORMS

Many of our parents of student-athletes are familiar with FinalForms. This year we have expanded the platform to include enrollments and annual forms (EMA, photo release, technology, etc.). Please be sure to fill out your 2022-2023 forms if you haven't already.

NOTIFY

This notification system will allow the District and each school to communicate with parents and staff via phone, text and email. It will be used for emergencies, news, and updates.

APP

To go along with the new District website, there will be a new *free* smartphone App! Some of the features include

access to the District calendar, staff directory, Progressbook, lunch menus, athletics, and news, along with push notifications from each school.

Available at:
App Store
&
Google Play
