

FREQUENTLY ASKED QUESTIONS

Q. How does the 2018-2019 budget request compare to last year’s budget?

A. *The school district has requested a 3.44% budget increase, which is \$1,719,015 more than the 2017-2018 operating budget of \$49,907,521 for a total request of \$51,626,536. While this represents a larger increase than Weston has seen historically the increase is entirely related to Special Education and Pupil Services with the remainder of the budget netting to no growth. The breakdown is as follows:*

<i>Special Education and Pupil Services</i>	3.18%
<i>OPEB Contribution</i>	0.09%
<i>Internal Services Fund Contribution</i>	0.27%
<i>Everything Else</i>	-0.10%
<i>Total Requested Increase</i>	3.44%

Q. Has the school district had any unanticipated costs in the 2017-2018 fiscal year that impacted the 2018-2019 budget request?

A. *Yes, Special Education out of District Placements and Unilateral Agreements have significantly impacted the Board of Education’s Operating Budget in FY 2018. We have currently see an increase above budget in FY 2018 of \$1.4 million due to a significant increase in the number of unilateral placements. While the district has been able to manage approximately \$500,000 of this overage, we are anticipating the need to request a special appropriation from the Town of Weston of approximately \$900,000 in FY 2018 due to this issue.*

These unilateral placements are largely due to Connecticut’s Burden of Proof Law, which places the burden of proof on the school district, which results in increased and unnecessary costs as students are placed in private programs at a greater cost to the school district. The Burden of Proof Law places the onus for all legal fees on the district if the ruling is not in the district’s favor, adding a major financial risk to any attempt to challenge placements legally. Because of this, school systems are forced to settle in many cases for programs that are more expensive than ones that would meet the needs of the children involved. These settlements are the driving force behind the uncontrollable increases and volatility in the out of district tuition and legal fees account within Special Education.

Due to these increases, our FY 2018 out of district tuition line item is anticipated to end the year at \$2,878,572. Below is a table in how our FY 2019 out of district tuition budget line item was derived. This one line item accounts for 65% of our total increase requested in FY 2019.

<i>Fiscal Year 2018 Projected Outplacement/Agreement Expense</i>	\$2,878,572
<i>Placements/Agreements not continuing into Fiscal Year 2019</i>	\$(891,084)
<i>Unanticipated Outplacements/Agreements (4)</i>	\$376,000
<i>Pending Unilateral Placements in FY 2018</i>	\$200,000
<i>Inflation Factor 2.5%</i>	\$62,912

Summer Tuition	\$25,000
Total Projected FY 2019 Tuition Account	\$2,651,400

Q. What is the district doing to understand and mitigate the out of district SPED budget problem?

A. As is well known to the Board of Education, we have been faced this year by a major problem with our Out-placement tuition budget. Running more than \$1 million over budget, the Out-placement tuition line has placed severe budgetary pressures on all district operations. We are working with administrators and the BOE to rectify the immediate budget shortfall, which will entail a February 2018 BOE decision to seek a special authorization from the Town of Weston. While the shortfall hit crisis levels this year, we have a several year trend of major overruns with Out-placement tuition.

We have taken the budget problem seriously and have comprehensively examined how to mitigate the issue going forward. In analyzing the roots of the problem, we determined that a series of modifications are necessary to management, service offerings and staff capacity. Preliminary management adjustments were flagged for SPED/PPS and Finance and Business Operations in a Memorandum to the BOE (October 12, 2017), which now has become a checklist for collaborative oversight by the Superintendent, Director of Finance & Operations, and Director of PPS. We also reviewed the report by CES (February 28, 2017) on SPED for advice on necessary modifications. Lastly, we consulted with the Cabinet and Principals on areas requiring attention.

The FY2019 budget proposes major changes for SPED/PPS. While we propose increased funding in the Out-placement tuition line, we are recommending changes in the management structure for SPED/PPS and the staffing and delivery of services on the school level. The management changes are designed to ensure the Director of PPS is focused district-wide on the range of complex oversight, accountability and management responsibilities inherent in serving over 20 percent of the entire WPS student population and 22 percent of the operating budget. The changes in staffing and delivery of service are designed to reflect the marked shifts in the behavior, emotional and developmental needs of our students.

As Lois Pernice details in the SPED and PPS sections of this budget, we are recommending the following administration and staffing changes:

- 1. **Add a second Assistant Director** so that we have direct administration oversight, accountability and support in the two elementary schools (pre-K-5) as a unit and the middle and high schools (6-12) as another unit. The Assistant Directors would assume many of the school and student administration duties that have distracted the Director of PPS from district-wide management.*
- 2. **Add one more BCBA** (Board Certified Behavior Analyst) to provide a dedicated BCBA in each of three schools and a BCBA specialist in the fourth school. We would reduce the number of school psychologists from five to four, providing one school psychologist for each school. This shift reflects the strong evidence of changing behavioral and emotional needs of our students, requiring greater work from professionals who are experts at managing dysregulated behaviors. While school psychologists have some background training in behavior modification, it is not their area of expertise.*

3. *Hire an additional school social worker to be fully dedicated to WMS. The current district social worker will move full time to the HS, rather than being split between the HS and MS. We are seeing more students with emotional difficulties at the younger grades, in particular grades 5-8, which has contributed to Out-placement pressures. The added school social worker can provide more direct clinical and family support in order to keep students in district.*
4. *Continue with Effective School Solutions (ESS) at WHS for a third year. While this is a costly program, ESS has proven in the last two years that it is able to keep students in district and would likely have helped keep current out-placed students in district if the program had existed. We gain important professional expertise from ESS in the form of Licensed Clinical Social Workers, Clinical Psychologists, and management oversight that would be far more expensive for us to provide on our own. ESS also represents Weston's first effort to provide an alternative SPED program within district as a way to mitigate out-placed students.*
5. *Add a certified counselor to direct WHS's College and Career Center. Explained in detail in the PPS and WHS sections of the budget, the new position would address the increasing demands of the college timetable, the competitive process and the resulting growth in family requests for guidance, coupled with the demands of managing effectively our numerous support programs. These demands necessitate an adjustment to guidance staffing to best serve our students. Our college graduation and success rates are superb, but we must modify our support for students and families if we are going to continue to achieve exceptional college and career outcomes.*

Q. We understand that other districts are facing similar budgetary challenges with SPED, and specifically out of district placement costs? What are specific examples?

A. Yes other districts such as Darien, Westport, Monroe, Ridgefield and Brookfield have all reported higher than anticipated expenses within Special Education due in large part to unilateral agreements. Both Brookfield and Ridgefield have also seen increases that will likely require them to go to their respective town's for a special appropriation to cover these costs. Brookfield has already released their FY 2019 budget request with a growth rate of 6.4% with Special Education costs accounting for 45% of the total requested increase.

Q. Has the school district been able to save money, avoid costs, and work more efficiently to preserve the educational program in the current budget? In other words, is there evidence that the district knows "business as usual" cannot be the approach in program/financial planning, management and evaluation?

A. Yes, there are multiple examples:

- a. *In Fiscal Year 2019 the Weston Public Schools will move all employees to the State Partnership Plan 2.0 Health Plan. This move will save the school district over \$5 million dollars over the next three years including \$1.5 million in FY 2019.*

- b. *Through negotiations we have also settled the WTA contract with the lowest GWI and Step increases in the Fairfield County Connecticut with an average settlement increase in FY 2019 of 2.35% with the current DRG A settlements averaging 3.0% inclusive of step.*
- c. *Another savings is a reduction in FTE due to reduction in enrollment. Declining enrollment has allowed for a budget reduction of \$236,364 primarily at Hurlbutt and Weston Intermediate School.*
- d. *After a thorough review of our school security and safety plan, we have made a recommendation to reduce 2.0 FTE Security Specialists, which will save over \$87,000 in FY 2019. While this decision does save money it was made in context of all the security enhancements we have made, which have allowed the Weston Public Schools to improve overall security without the need for as much personnel. We have invested in areas such as interior cameras at all four schools, which have allowed for full coverage of our buildings, we emphasized school safety meetings, put in emergency protocols for the schools, will be installing a new notification system and have seen a significant improvement in the relationship with the Weston Police Department with the arrival of the new Police Chief. These enhanced security measures allow us to safely reduce our security specialist headcount by 2.0 FTE while not comprising the safety of our students. This reduction in headcount will also allow Weston to mirror that of our neighbors in Ridgefield, Westport, Darien, New Canaan, and Newtown.*
- e. *Working with Weston's Parks and Recreation department we are transferring responsibility of Middle School after School Sports to Parks and Recreation. This change will save the Weston Public Schools nearly \$40,000 while still providing after school athletics for Middle School students.*

Q. What would the budget increase be, if we did not have these savings?

- A. *The 2018-2019 budget request would have been a 7.29% increase.*

Q. What are some areas of investment within the FY 2019 Budget?

Even while emphasizing fiscal efficiency, the administration has identified three areas for targeted investments.

- a. *Modification of SPED/PPS Management and Staff Capacity*
- b. *Digital Learning & Technology*
- c. *Science Research Program at Weston High school*

Q. What are the strategic goals for FY 2019?

Framed by Weston's strategic outcome of developing global citizens our strategic goals include:

1. *Academic Excellence*
2. *Healthy Learning Environment*

3. *Digital Learning and Technology*
4. *Gauging District Progress*
5. *Resources for Learning*

Q. What is the Projected Enrollment for the 2018-2019 School Year?

- A. *We based our budget on an enrollment of 2,292 students. This projection is 37 students less than 2017-2018 for prek-12.*

Q. What data and needs drive the budget development process?

- A. *Prior to the budget preparation process, the Board of Education develops budget assumptions, which guide how the budget is developed. These assumptions are outlined in the budget book on pages 12 through 14. The school district's budget provides resources to support Board of Education policies, and federal and state mandates.*

Q. Why is it important to maintain Interscholastic Sports Program and Co-Curricular programs?

- A. *The co-curricular program is a critical component to our student's experience. Weston Public Schools have a wide array of programs including interscholastic sports, clubs, student government, intramurals and theater in which our students participate. It is through this program that students develop independence, confidence, and a sense of responsibility. They learn to work collaboratively and involve themselves in community service projects. Their participation serves them well as they prepare for life beyond Weston.*

Regarding the Interscholastic Sports program, a total of seventy coaching positions are necessary to operate sixty teams. The athletic program offers a wide variety of team and individual sports to support student skills and interests. This has led to a high degree of student participation with more than 70% of our students participating in at least one sport last school year. It is anticipated that 908 student/athletes will participate in the program next year.

A complete description of the Interscholastic Sports program budget request can be found on pages 211 through 212 of the Budget Book.

Q. We often hear that our budget is driven by salaries and employee benefits. This is true. What are the general wage increases for employee contracts?

- A. *Weston Administrators' Association: 2.25%*
Weston Teachers' Association: 0% except top step at 1% (2.35% inclusive of step)
Non-Certified Staff – AFSCME: 2.25%

Q. How does the pension system work? How much does the district contribute?

A. *The school district does not fund any portion of the pension for employees that qualify for the State Teachers' Retirement Benefit (STRB). All teachers and most administrators qualify for this benefit. Starting January 1, 2018 Teachers contribute 8.25% of their salary for this benefit, with the State of Connecticut funding the balance. The district's non-certified employees are covered by the Municipal Employee Retirement System (MERS), which is administered by the State of Connecticut. Contributions to this fund are based on gross salaries, with the employees contributing 2.25% and the school district funding 11.74% for 2018-2019. This contribution can be adjusted based on state funding.*

Q. Where can I find an electronic version of the budget?

A. *An electronic version of the budget can be found on our website at www.westonps.org*

Q. Where is Educational Cost Sharing Revenue in the budget and how does the budget reductions imposed by the State of Connecticut reflect in your budget?

A. *We show Education Cost Sharing Revenue (ECS) under our revenue section of the budget book on page 149. However the actual ECS budget is reflected on the Town's budget as this revenue goes directly to the Town of Weston.*

Q. When enrollment declines, why is there not an equivalent reduction in the district budget?

A. *Enrollment declines do not always correlate to an equivalent budget reduction. For example our current enrollment projections for FY 2019 show a decline in enrollment of 1.59% or 37 students. To have a 1.59% decline in our budget of \$49,907,521 would result in a reduction of \$792,863. This coupled with contractual increases of approximately \$900,000 would require budget reductions of approximately \$1.7 million before any increases due to Special Education out of district tuition and unilateral placements. This would require a reduction of approximately 19 FTE Teaching positions. With class sizes ranging between 20-24 students we would need a reduction of 460 students to achieve that level of reduction.*

Additionally, while only a small portion of our students (35) are either outplaced by the district or have been unilaterally outplaced, this one line item makes up over \$2,6 million of our budget and 66% of our requested budget growth. If declining enrollment were to cover this growth area we would need to reduce approximately 14.0 FTE teaching positions in addition to the 19 FTE positions mentioned above.

Given our declining enrollment, contractual increases and special education costs we have worked diligently to present a budget that requests no new growth outside of the areas of Special Education and Pupil Services. While we are recommending an investment in Special Education and Pupil Services we are recommending a net reduction of 3.96 FTE.

Noteworthy Achievements and Accomplishments 2016 – 2017

Weston High School - WHS Weston Intermediate School - WIS
Weston Middle School - WMS Hurlbutt Elementary School - HES

ACADEMIC EXCELLENCE

U.S. News ranks WHS #2 in Connecticut and #231 nationally.

- The Class of 2017 had 27 Advanced Placement (AP) Scholars, 14 AP Scholars with Honors, 54 AP Scholars with Distinction, and 16 National AP Scholars.
- Ninety percent of the 730 AP exams taken in the spring of 2017 scored 3 or better on a 5-point scale.
- The Class of 2017 had a 31% acceptance rate with the most competitive colleges and a 57% acceptance rate with highly competitive colleges.
- WHS had 18 commended students recognized in the 2017 *National Merit Scholarship Program*.
- Fifty WHS students participated in the 2017 *American Mathematics Competition* in February. One 11th grade student ranked in the top 5% nationally.
- The WHS *Science Olympiad* team took home first place in Astronomy and an overall top 10 finish in the state competition held at UCONN.
- At the *United Nations Conference* at UCONN, one 11th grade student was awarded "Most Improved Delegate" and one 10th grader was recognized as "Best Delegate."
- WMS participated in the *American Mathematics Competition*. One sixth grader and two eighth grade students scored in the top five percent of all test takers worldwide.
- WMS math team tied for first place in the *Fairfield County Junior Math League* competition.
- WMS eighth grade mock trial team finished second in the state finals in the *Middle School Mock Trial* competition.
- A team of WIS students placed second in the *Connecticut Odyssey of the Mind* state finals at Southern Connecticut State University and went on to compete in the World Finals.
- WMS and WHS world language students were recognized at the annual *World Language Celebration* for their outstanding performance in the national exams (French, Latin, and Spanish). Students earned gold, silver, and bronze medals.
- Forty-nine students from grades 4 and 5 participated in *Math Olympiad* teams at WIS.
- Over 140 fourth and fifth grade students designed and carried out inquiry projects in the WIS Third Annual Science Fair.
- Two WMS math teachers won the *David Trigaux Award* from the Weston Education Foundation for high levels of creativity in teaching in May 2017.

A WHS student was the Connecticut affiliate winner of the *National Center for Women in Technology Award for Aspirations in Computing*.

A WMS seventh grade student was selected to serve on the *Nutmeg Book Award* Selection Committee.

Supporting the WMS goal to cultivate global citizenship, seventh grade students created and maintained a hydroponic garden system in the middle school.

DIGITAL LEARNING & TECHNOLOGY

C-SPAN

WHS Videography students received a third place and an honorable mention in the *C-SPAN StudentCam* documentary competition, an annual national video documentary competition encouraging students to think critically about national and local issues.

The WMS Robotics Club competed in the *New England Region Middle School Championship* where they earned an invitation to compete in national open competition.

Fifty percent of WHS PLTW (Project Lead The Way) technology students were eligible for college credit through a combination of their year-long GPA and performance on a national end-of-course exam.

Students grades 1–5 participated in "Hour of Code," a worldwide learning event as part of Computer Science Education Week sponsored by Code.org.

Advanced videography class created daily video morning announcements for WHS students. Each morning students wrote a script and shared a news clip.

The high school technology department supported growing interest by offering six sections of pre-engineering courses.

DMV News

Four WHS students were awarded first place in the annual public service announcement competition sponsored by the *Connecticut Department of Motor Vehicles* promoting teen safety behind the wheel.

Two WHS students won first place in the *School for Ethical Education's* 2016-17 Academic Integrity PSA Contest.

C.G.S. § 10-76d

- At each initial planning and placement team meeting, inform the parent, guardian, surrogate parent or pupil of the laws relating to physical restraint and seclusion and the rights of such parent, guardian, surrogate parent or pupil under such laws and the regulations adopted by the State Board of Education relating to physical restraint and seclusion.
- Notify the parent/guardian (or, as applicable, a majority age student or surrogate parent), in writing, at least five school days before such board proposes to, or refuses to, initiate or change the student's identification, evaluation or educational placement or the provision of a free appropriate public education to the student.
- Provide an opportunity for the parent/guardian to meet with a member of the PPT prior to the referral PPT to discuss the PPT process.
- Upon finding a student eligible for special education, and at each PPT for the student, provide parents/guardians with information and resources relating to IEPs created by the State Department of Education.
- Upon request, provide parent, guardian, pupil or surrogate parent an opportunity to meet with a member of the planning and placement team designated by such board prior to the referral planning and placement team meeting at which the assessments and evaluations of the child or pupil who requires or may require special education is presented to such parent, guardian, pupil or surrogate parent for the first time.
- Parent, guardian, pupil or surrogate parent must (1) be given at least five school days' prior notice of any planning and placement team meeting conducted for such child or pupil, (2) have the right to be present at and participate in all portions of such meeting at which an educational program for such child or pupil is developed, reviewed or revised, and (3) have the right to have advisors of such person's own choosing and at such person's own expense, and to have the school paraprofessional assigned to such child or pupil, if any, to be present at and to participate in all portions of such meeting at which an educational program for such child or pupil is developed, reviewed or revised.
- Upon request, provide the results of the assessments and evaluations used in the determination of eligibility for special education for a child or pupil to parent, guardian, surrogate parent or pupil at least three school days before the referral planning and placement team meeting at which such results of the assessments and evaluations will be discussed for the first time.
- Any local or regional board of education which provides special education pursuant to any mandates in this section must provide transportation, to and from, but not beyond the curb of, the residence of the child.
- Provide the professional services requisite to identification of children requiring special education, identify each such child within its jurisdiction, determine the eligibility of such children for special education pursuant to sections 10-76a to 10-76h, inclusive, prescribe appropriate educational programs for eligible children, maintain a record thereof and make such reports as the commissioner may require.
- Immediately upon the formal identification of any child as a child requiring special education and at each PPT meeting, provide certain information specified by statute. If such parent, guardian, surrogate parent or pupil does not attend a PPT meeting, mail such information to such person.
- Have in effect at the beginning of each school year an educational program for each child or pupil who has been identified as eligible for special education.
- The planning and placement team shall develop and update annually a statement of transition service needs provisions of the IDEA for each child requiring special education.

C.G.S. § 10-212a	<ul style="list-style-type: none"> • Each local and regional board of education that allows a school nurse or, in the absence of such nurse, other individuals listed in the statute to administer medication, must adopt written policies and procedures, in accordance with this section and the regulations adopted pursuant to subsection (c) of this section, that shall be approved by the school medical advisor, if any, or other qualified licensed physician. • Once so approved, such administration of medication must be in accordance with such policies and procedures. • Each school wherein any controlled drug is administered under the provisions of this section must keep such records thereof as are required of hospitals under the provisions of subsections (f) and (h) of section 21a-254 and must store such drug in such manner as the Commissioner of Consumer Protection shall, by regulation, require. • A school nurse or, in the absence of a school nurse, a qualified school employee shall maintain epinephrine in cartridge injectors for the purpose of emergency first aid to students who experience allergic reactions and do not have a prior written authorization of a parent or guardian or a prior written order of a qualified medical professional for the administration of epinephrine. A school nurse or a school principal shall select qualified school employees to administer such epinephrine under this subdivision, and there shall be at least one such qualified school employee on the grounds of the school during regular school hours in the absence of a school nurse. No qualified school employee shall administer such epinephrine under this subdivision unless such qualified school employee annually completes the training program described in section 10-212g. • With the written authorization of a student's parent or guardian, and pursuant to a written order of the student's physician licensed under chapter 370, a school nurse or a school principal must select, and a school nurse must provide general supervision to, a qualified school employee to administer medication with injectable equipment used to administer glucagon to a student with diabetes that may require prompt treatment in order to protect the student against serious harm or death. Such authorization shall be limited to situations when the school nurse is absent or unavailable. No qualified school employee shall administer medication under this subsection unless (A) such qualified school employee annually completes any training required by the school nurse and school medical advisor, if any, in the administration of medication with injectable equipment used to administer glucagon, (B) the school nurse and school medical advisor, if any, have attested, in writing, that such qualified school employee has completed such training, and (C) such qualified school employee voluntarily agrees to serve as a qualified school employee. • With the written authorization of a student's parent or guardian, and pursuant to the written order of a physician licensed under chapter 370, a school nurse and a school medical advisor, if any, must select, and a school nurse must provide general supervision to, a qualified school employee to administer antiepileptic medication, including by rectal syringe, to a specific student with a medically diagnosed epileptic condition that requires prompt treatment in accordance with the student's individual seizure action plan. Such authorization shall be limited to situations when the school nurse is absent or unavailable. No qualified school employee shall administer medication under this subsection unless (i) such qualified school employee annually completes the training program described in

	subdivision (2) of this subsection, (ii) the school nurse and school medical advisor, if any, have attested, in writing, that such qualified school employee has completed such training, (iii) such qualified school employee receives monthly reviews by the school nurse to confirm such qualified school employee's competency to administer antiepileptic medication under this subsection, and (iv) such qualified school employee voluntarily agrees to serve as a qualified school employee.
C.G.S. § 10-212b	Adopt and implement policies (the requirements of which are set forth by statute) prohibiting any school personnel from recommending the use of psychotropic drugs for any child.
C.G.S. § 10-212c	<ul style="list-style-type: none"> • Implement a plan for managing students with life-threatening food allergies and glycogen storage disease based on guidelines issued by the Department of Education. • Make such plan available on the district's website (or the website of each school) or, if such websites do not exist, make such plan publicly available through other practicable means as determined by the district. • Written notice of such plan must be provided to parents along with the annual written statement concerning pesticide application, required by Conn. Gen. Stat. § 10-231c(b). • Annually attest to the Department of Education that the school district is implementing such plan in accordance with the statutory provisions.
C.G.S. § 10-212d	Prepare an emergency action response plan (1) to address the appropriate use of school personnel to respond to incidents involving an individual's experiencing sudden cardiac arrest or similar life-threatening emergency while on school grounds, and (2) for districts that have an athletic program, to address such incidents for individuals attending or participating in an athletic practice or event. Boards of education are required to assure that, at each school, an automatic external defibrillator and school personnel trained in the operation of an automatic external defibrillator and the use of cardiopulmonary resuscitation will be accessible during the school's normal operational hours, during school-sponsored athletic practices and athletic events taking place on school grounds and during school sponsored events not occurring during the normal operational hours of the school. School districts are excused from this obligation to have such equipment available at each school, however, if federal, state or private funding is not available to purchase the equipment or to train personnel.
C.G.S. § 10-214	<ul style="list-style-type: none"> • Provide vision, hearing, and postural screenings to students in specified grades. C.G.S. § 10-
231c

For schools without an integrated pest management plan: • At the beginning of each school year, provide the staff of each school and the parents or guardians of each child enrolled in each school with a written statement of the board's policy on pesticide application on school property and a description of any pesticide applications made at the school during the previous school year. • Such statement and description shall be provided to the parents or guardian of any child who transfers to a school during the school year. • Notice of any modification to the pesticide application policy must be sent to any person who registers for notice under this section. • Prior to providing for any application of pesticide within any building or on the grounds of any school, provide for the transmittal of notice, by electronic mail, to parents and guardians who have registered for prior notice such that such electronic mail notice is received no later than twenty-four hours prior to such application. • Notice must be given by any means practicable to school staff who have registered for such notice. • Prior to providing for any application of pesticide within any building or on the grounds of any school, provide for notice of such application not less than twenty-four hours prior to such application by posting notice either on or through: (A) The home page of the Internet web site for the school where such application will occur, or, in the event such school does not have a web site, on the home page of the Internet web site for such local or regional board of education, and (B) the primary social media account of such school or local or regional board of education. • Indicate on the home page of the board of education how parents may register for prior notice of pesticide applications. • Not later than March fifteenth of each year, send through the electronic mail notification or alert system or service of such school or local or regional board of education the notice required by subdivision (1) of this subsection for applications made since January first of such year and a listing of such notices for applications made during the March fifteenth through December thirty-first timeframe from the preceding calendar year. In addition, print such electronic mail notification required by this subdivision in the applicable parent handbook or manual, provided nothing in this subdivision shall be construed to require the reprinting of such handbook or manual to provide such notification. • No application of pesticide may be made in any building or on the grounds of any school during regular school hours or during planned activities at any school except that an emergency application may be made to eliminate an immediate threat to human health if (1) it is necessary to make the application during such a period, and (2) such emergency application does not involve a restricted use pesticide, as defined in section 22a-47. No child may enter an area where such application has been made until it is safe to do so according to the provisions on the pesticide label. • May make an emergency application of pesticide without prior notice under this section in the event of an immediate threat to human health provided the board provides for notice, by any means practicable, on or before the day that the application is to take place to any person who has requested prior notice under this section and concomitantly provides such notice in accordance with subdivision (2) of subsection (c) of this section. • Maintain a copy of the record of each pesticide application at a school for a period of five years.

For schools with an integrated pest management plan:

- At the beginning of each school year, provide the staff of each school with written guidelines on how the integrated pest management plan is to be implemented and shall provide the parents or guardians of each child enrolled in each school with a statement that shall include a summary of the integrated pest management plan for the school.
- Such statement shall be provided to the parents or guardian of any child who transfers to a school during the school year.
- Notice of any modification to the integrated pest management plan shall be sent to any person who registers for notice under this section.
- Maintain a registry of persons requesting notice of pesticide application at their school.
- Provide notice, by any means practicable, to any person who has requested notice under this section on or before the day that any application of pesticide is to take place at a school.
- No application of pesticide may be made in any building or on the grounds of any school during regular school hours or during planned activities at any school except that an emergency application may be made to eliminate an immediate threat to human health if (A) it is necessary to make the application during such a period, and (B) such emergency application does not involve a restricted use pesticide, as defined in section 22a-47. No child may enter an area of such application until it is safe to do so according to the provisions on the pesticide label.
- Prior to providing for any application of pesticide within any building or on the grounds of any school, provide for notice of such application not less than twenty-four hours prior to such application by posting the notice required by subdivision (1) of this subsection either on or through: (A) The home page of the Internet web site for the school where such application will occur, or, in the event such school does not have a web site, on the home page of the Internet web site for such local or regional board of education, and (B) the primary social media account of such school or local or regional board of education.
- Indicate on the home page of the board of education how parents may register for prior notice of pesticide applications, as described in subdivision (1) of this subsection.
- Not later than March fifteenth of each year, send through the electronic mail notification or alert system or service of such school or local or regional board of education the notice required by subdivision (1) of this subsection for applications made since January first of such year and a listing of such notices for applications made during the March fifteenth through December thirty-first timeframe from the preceding calendar year. In addition, print such electronic mail notification required by this subdivision in the applicable parent handbook or manual, provided nothing in this subdivision shall be construed to require the reprinting of such handbook or manual to provide such notification.
- Maintain a copy of the record of each pesticide application at a school for a period of five years.
