Dear Parents, students and Community Members;

We are pleased to make available the Bray-Doyle Public School Report Card received this summer for the 2013-14 school year.

We will place the A-F report card on our website ([www.braydoyle.k12.ok.us](http://www.braydoyle.k12.ok.us)) and we will have them in each administrator office (Elementary/Middle School, High School, and Superintendent) for you to view. You can also go to the Oklahoma State Department of Education Web Site and click on the A-Z index. Next click on the "R" and then click on 'Report Cards'. We will also provide reminders at different times throughout the school year of where you can view this information.

In order to continue working towards the best grade we can, we have incorporated USA test preparation classes and curriculum, before and after school tutoring, and built in some classes for additional tutoring for our students.

Sincerely,

David Eads, Superintendent  
Bray-Doyle Public School
