

As the year progresses, as fast as that has been, things are always getting better. We want to give a great big THANK YOU to the school for getting us a new proofer/warmer! It makes a big difference in the quality of our bread products and can easily maintain hot temperatures on our food going to the serving line. We hope the kids enjoy the difference it is making. So, thank you, from the cafeteria!!

We hope that you have a happy New Year!!

Cafeteria Manager,
Chrisitna Britt
