

Garden Project News

The Bray Doyle Garden Project is going strong. We have harvested some kale, radishes and snap peas. With more yummy stuff on the way including carrots and squash. We are working on starting seeds to get for spring. We should have plants ready for a sale in April. Let us know if you have any requests.

Beginning January 2022 Bray Doyle will be an official collection site for Replenish Recycling. We will be accepting Plastics 1 & 2, Cardboard, Steel Cans and Aluminum Cans. If you are interested in saving our planet and keeping these materials out of our landfills bring them to us. Make sure you bundle each type separately.

Plastic #1 – soda and water bottles must be empty – labels and lids are OK,

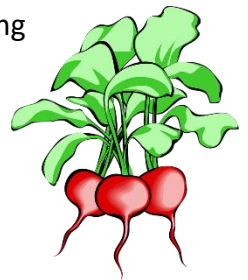

Plastic #2 – recycle symbol with a 2 in it, includes detergent jugs, shampoo bottles and other heavier plastics. Again, please make sure they are empty, labels and lids are OK.

Cardboard - includes big and small boxes and the exterior packaging for toothpaste and other products.

Steel cans - includes soup, canned vegetables and other canned goods. Please empty and rinse these out. Labels are OK.

Aluminum cans- must be emptied and crushed. Any type cans are acceptable, just be sure they are empty. **No foil or food trays.**

To kick off our collections we will be having an **Aluminum Can Contest** – winning class gets a pizza party! Drop off your empty, crushed cans in sacks with teacher name clearly labeled at our collection site to be weighed. The collection area will be located east of the High School in front of the Greenhouse near the Dumpster. **Please DO NOT take cans into school buildings.** Contest begins January 10th till January 21st. Winner will be announced January 24th.

Thanks for your help

Bobbie Ramsey
